Good morning,

Thank you for the update. I appreciate you working through the redactions.

I'm fine with you proceeding with one representative front camera angle and providing that first for efficiency. Based on your description, that should be sufficient for now.

That said, we would like to keep the remaining camera angles available, as they may be needed later depending on how things develop.

Please let me know when the initial footage is ready.

Thank you again,

Good morning Ms. Evoniuk,

In completing redactions yesterday I realized that the disc contains 3 different camera angles (2 sides of the dash and the rear passenger area). Because of the nature of the call, the front camera dash cameras are the only ones with footage (and the 2 front show exactly the same information) and the audio is the same in all 3. Are you ok with me completing redactions on just one of the front cameras instead of on all 3 camera angles in the interest of efficiency?

Please advise.

Thank you!

Good morning Ms. Pluid and Mr. Wilson,

I hope you both are well. I am writing to follow up regarding the dash cam DVD that I returned to the Prosecutor's Office on September 24, 2025 at the request of your office. As reflected in the email exchange at that time, I was advised that the DVD would be returned so that the small portion at issue could be redacted and that a new redacted copy would then be created and provided to me.

I fully cooperated with that request and returned the DVD as instructed.

Because several months have now passed, I wanted to respectfully check in regarding the status of the redacted copy. If the redacted version of the video has been completed, I would appreciate the opportunity to obtain a copy. If it has not yet been finalized, please let me know if there is an estimated timeline for when it may be available.

For clarity, I am requesting the redacted version of the same public record that was previously produced pursuant to my public records request, consistent with the redaction process described by your office.

If the redacted copy has already been completed or is available for pickup or delivery, please let me know the appropriate process.

If there are any questions or if additional coordination is needed, please feel free to let me know.

Thank you for your time and assistance.

Sincerely,  
Mallorie Evoniuk

Hello Ms. Pluid,

Understood. As previously disclosed to ISP, the individual with whom I shared the video in July 2024 was Adrienne Norris.

Hello,

You can drop it off anytime during business hours to the staff at the Prosecutor's Office.

Can you please confirm who the one other individual you shared the video with was? Because of the possible conflict of interest, that investigation has been referred to outside agencies and we don't have full access to all the information.

Good morning,

I will bring the DVD to the prosecutor's office as requested so appropriate redactions can be made to the record. Please let me know if there is a specific person I should turn over the DVD to.

I confirm that all copies of the electronically stored DVD files in my possession or control have been permanently deleted. I have, however, retained the audio file of the 911 call I made, which I believe is unrelated to the redaction issue.

As part of my April 18, 2025 formal complaint and request for an investigation submitted to multiple agencies (Sheriff Stolley, Prosecutor Pluid, Chief Cowell, ISP, Idaho AG and DOJ), I included a Dropbox link including more than 40 exhibits, one of which was the dash cam video from the DVD. During that investigation, I disclosed to ISP that I had privately shared the dash cam video with one other individual in July 2024 solely out of concern for my family's safety and fear of retaliation.

I am happy to cooperate and appreciate your guidance on whom to turn the DVD over to. I will be available to drop the DVD off either late this afternoon or tomorrow morning, depending on what works best for you.

Sincerely,

Mallorie,

Thank you for getting back to me so quickly. First, can you please bring that DVD back in to the Prosecutor's Office downstairs in the courthouse? We'll edit out the small portion in question then create a new one for you. Second, can you please confirm that all other copies have been destroyed or deleted? Third, if you shared the video with anyone, can you please let me know so that I may contact them as well?

Thanks again for working with me on this. It is greatly appreciated!

Good evening Mr. Wilson (and Ms. Pluid),

I am in receipt of your email to Tom Bushnell from earlier today regarding a DVD produced pursuant to a lawful public records request I submitted to BCSO last summer. I am happy to cooperate in returning the DVD as requested so that the record can be appropriately redacted. Please let me know the process you would like me to follow in returning the DVD to your office.

Sincerely,

Mallorie Evoniuk

Hello Mallorie,

We received this email from Bill Wilson at the Prosecutor's Office today. We let him know that we would forward his request on to you (as we didn't represent you in that particular matter). You should be able to respond directly to his email to coordinate on a plan for the DVD.

I hope you're enjoying the Fall weather; it sure came on quick this year!

Tom,

Bill here. I hope this message finds you well. We have a public records issue that I'm hoping you can help with. On July 11, 2024, the Sheriff's Office produced some public records to your office related to your representation of Mallorie Evoniuk. The record in question is a DVD containing the bodycam of one Deputy Wion. That bodycam contains a contact the officer made with a juvenile who provided some confidential medical information about himself. Unfortunately, when we produced the video, we didn't redact that portion and we probably should have. Now, we're considering utilizing the procedure set forth at Idaho Code 74-121 to claw the record back, but before we go that formal route, I thought it might be helpful to reach out informally and see if we can find an amicable solution. What we're looking for is a return of the record and an affirmation that all other copies have been destroyed. All we want to do is redact that small portion of the video, and then we'll give it right back to you.

Please let me know if this sounds agreeable to you and Ms. Evoniuk, or if you have questions/concerns. My hope is that we can cooperate on this to protect a young man's privacy.

Thanks,

William S. Wilson, Esq.
