Attorney Bill Wilson and Andrakay Pluid,

I am writing to share that I continue to be concerned for my family and children's safety concerning the identifying information of my children which Adrienne Norris aka "Boundary County Watchman" received through disseminated unauthorized public records. Ms. Norris to date continues to publicly disseminate the unauthorized records of my family and continues to mingle and "tag" the content of Bonners Ferry Police Department, which continues to be reproduced, receive viral shares, death threats and violent rhetoric. Through the Boundary County Watchman's facebook page comments, I recently discovered a comment from "Rick Seng" who referenced yet another YouTube personality with 377k+ subscribers.(Screenshot and video attached) The referenced YouTube personality "Here's the deal " has reproduced content courtesy of Boundary County Watchman. Said video was published 12/26/25. The video has 37k+ views in 11 days, and 2k+ comments that include violent rhetoric.

This is the content Adrienne Norris aka Boundary County Watchman is mingling my children's identifying names with virally, creating endangerment to my family. I am begging your agency to lawfully rescind the unauthorized records of my family.

Thank you for your time,
Marie Garrett

Subject: BCW viral content of public records of my family and our safety

Boundary County Attorneys Bill Wilson and Andrakay Pluid,

Below is a snap shot of more viral content in which I have located on another YouTube platform named "lackluster". This particular public platform has 1.47 million+ subscribers. The content of just one video reproduced, courtesy of Adrienne Norris aka Boundary County Watchman is currently at 284k+ views, with 4.5k+ comments. The climate of comments include death threats on law enforcement, and extremely alarming content directed at all LEO, our families, our homes, with particular focus on my husband's department: Bonners Ferry Police Department. Threats and violent comments have been continuing and are as recent as 2 days ago. The YouTube platform advertises and links access to Adrienne Norris' Boundary County Watchman's YouTube channel and Facebook.

The unredacted records of my family, including identifying information of my children and family is directly tagged on Boundary County Watchman YouTube "Bonners Ferry Police Department " video file, mingled with the content. I have located concerning comments on the video with the unredacted content of my family, titled "Under fire for speaking out"
It cannot be disregarded that our entire family has been stalked/harassed and endangered through the use of public records to accomplish the harm and endangerment of my entire family. Public records regarding incidents of my juvenile children serve no public interest. The intent of the use of records of my family has been to identify, harass and endanger my children and family of law enforcement.

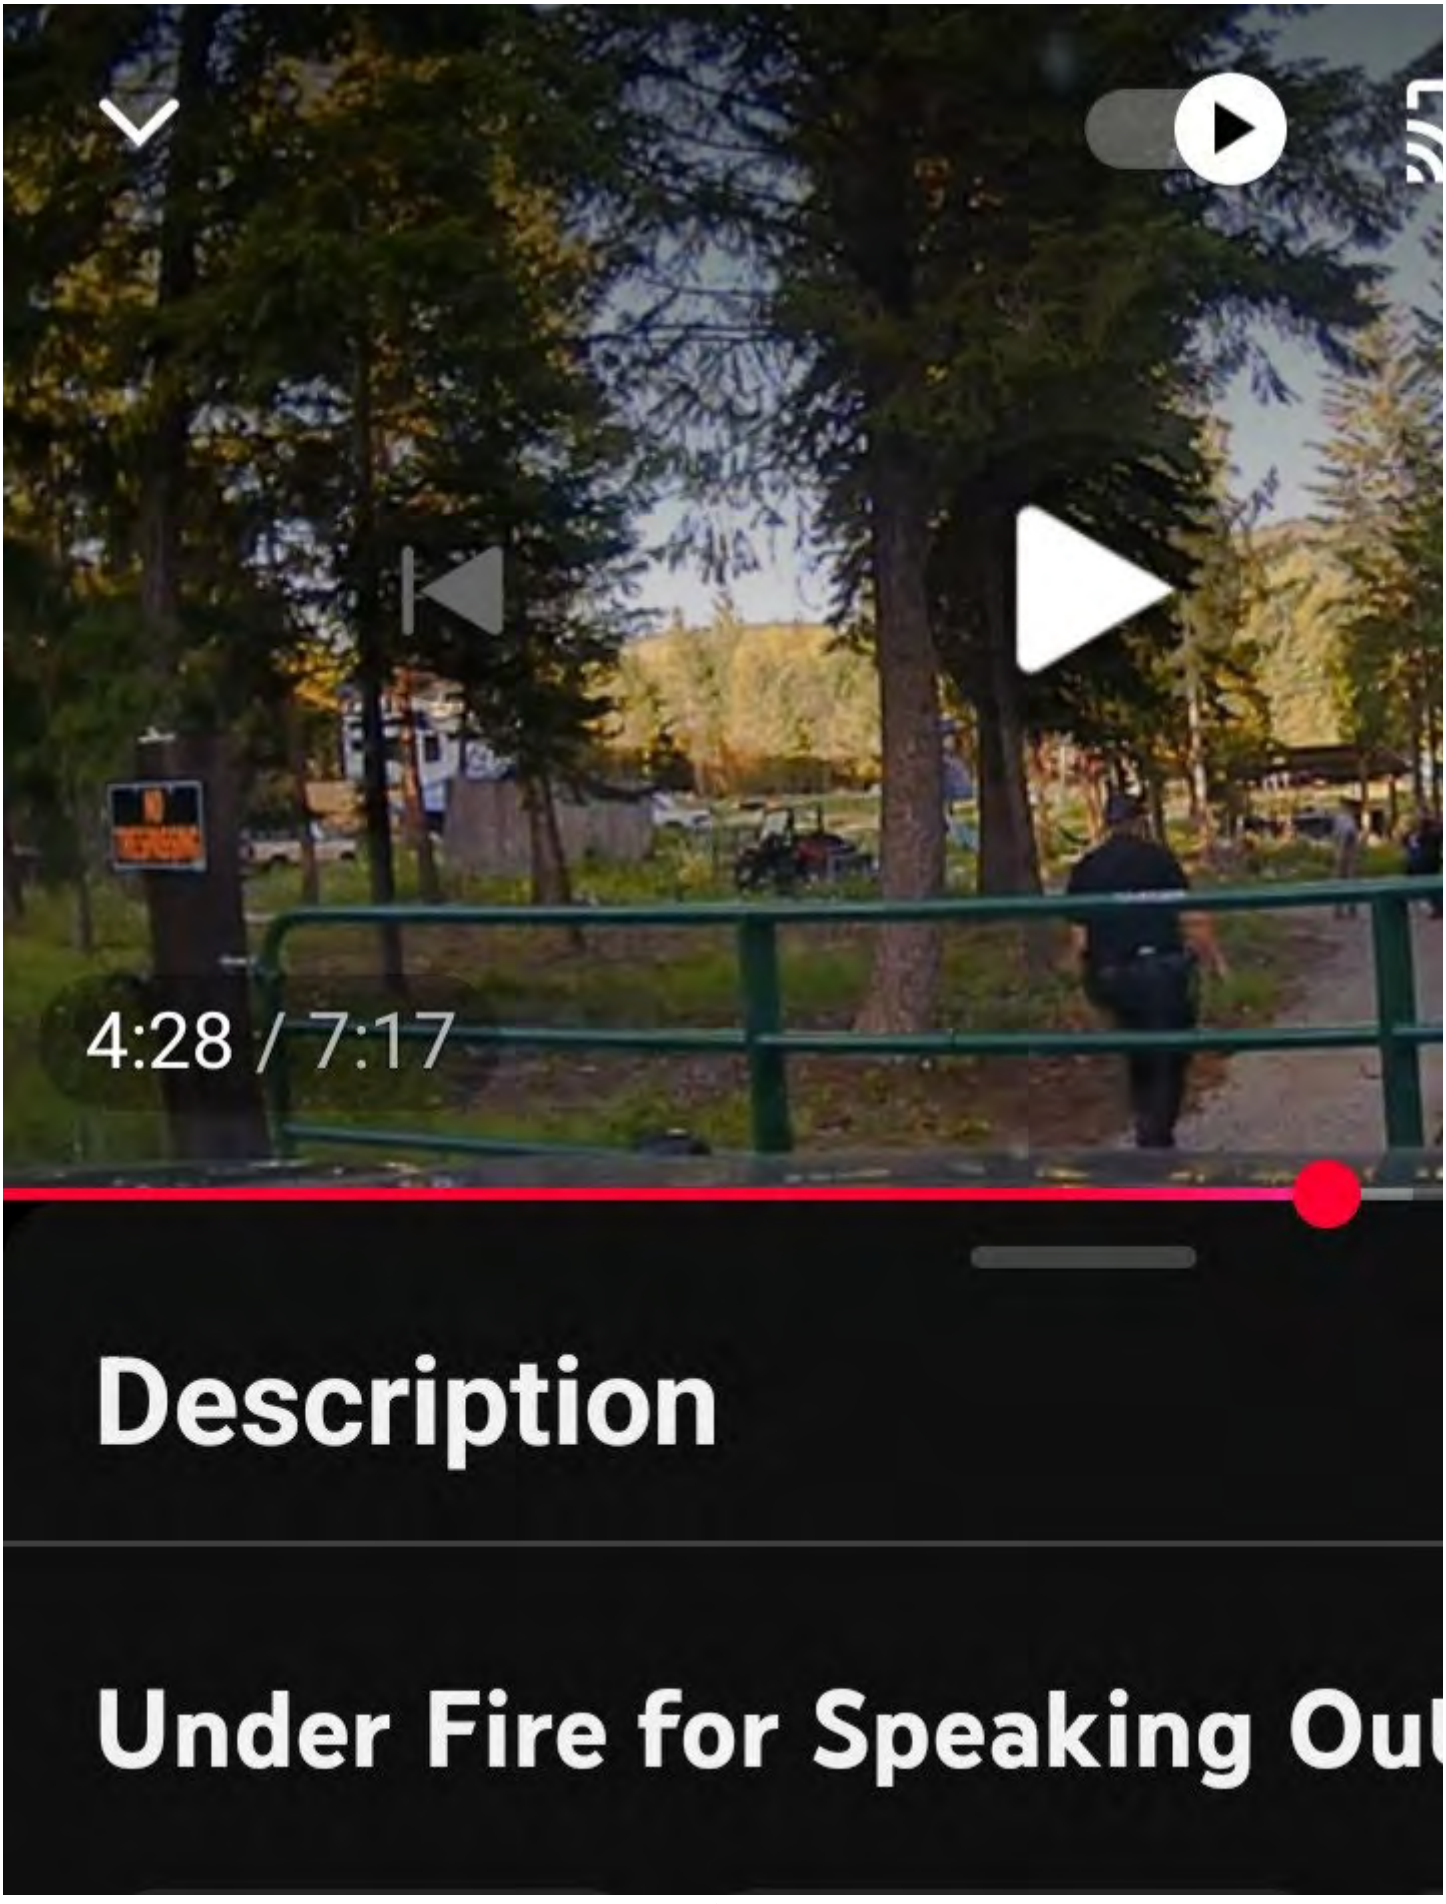

We must not forget that my neighbor, Mallorie Evoniuk is directly responsible for perpetrating and disseminating the unauthorized content of public records that has placed my family in a safety compromised situation. The same people involved in endangering my family are now using an employed agent to obtain additional personal information of my children and family and law enforcement husband. As I have alerted many times, my family is being stalked/harassed and endangered. I remain concerned that Sheriff Travis Stolley has refused to investigate the matters and refuses to forward it to a third party agency for investigation.

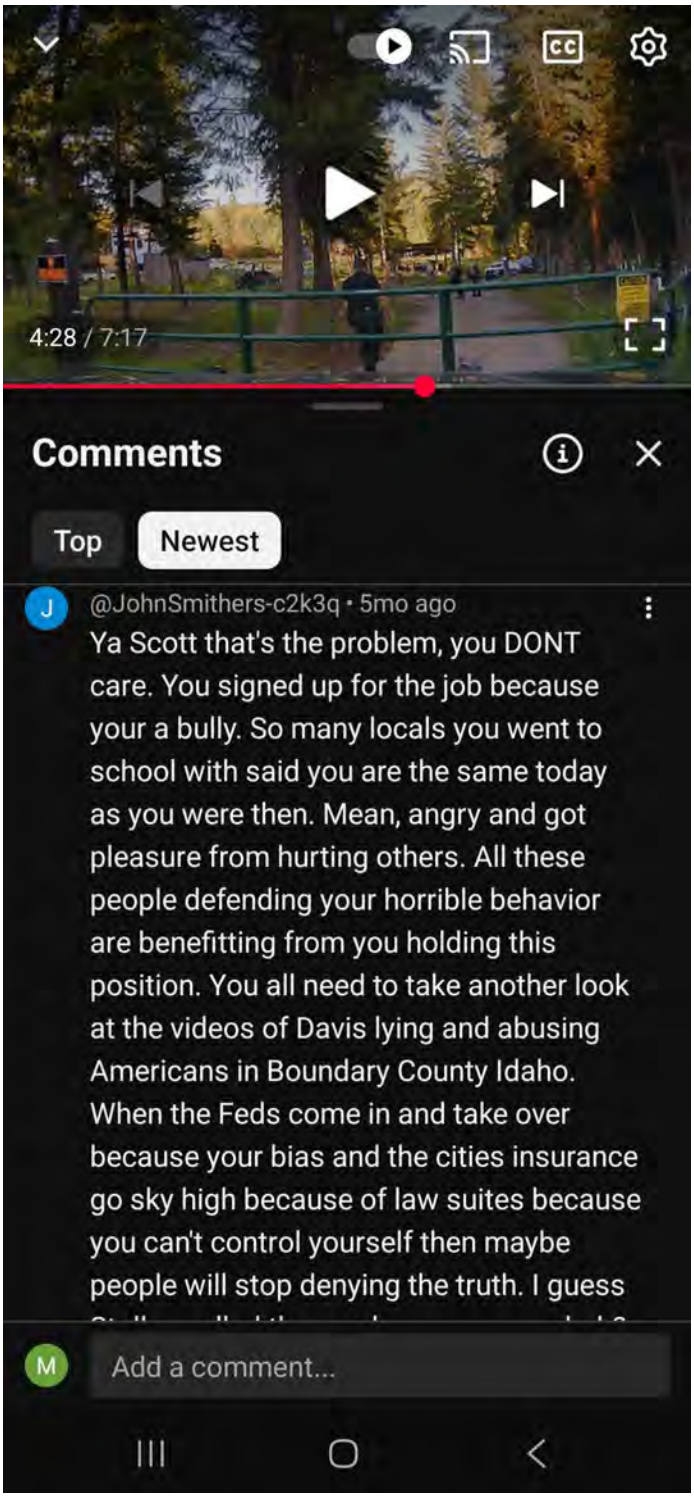

I am providing you this further information, as it applies to the necessity of adhering to Idaho Code pertaining to privacy exemptions, regarding invasion of personal privacy of my children, my family and law enforcement husband in personal, non criminal matters.

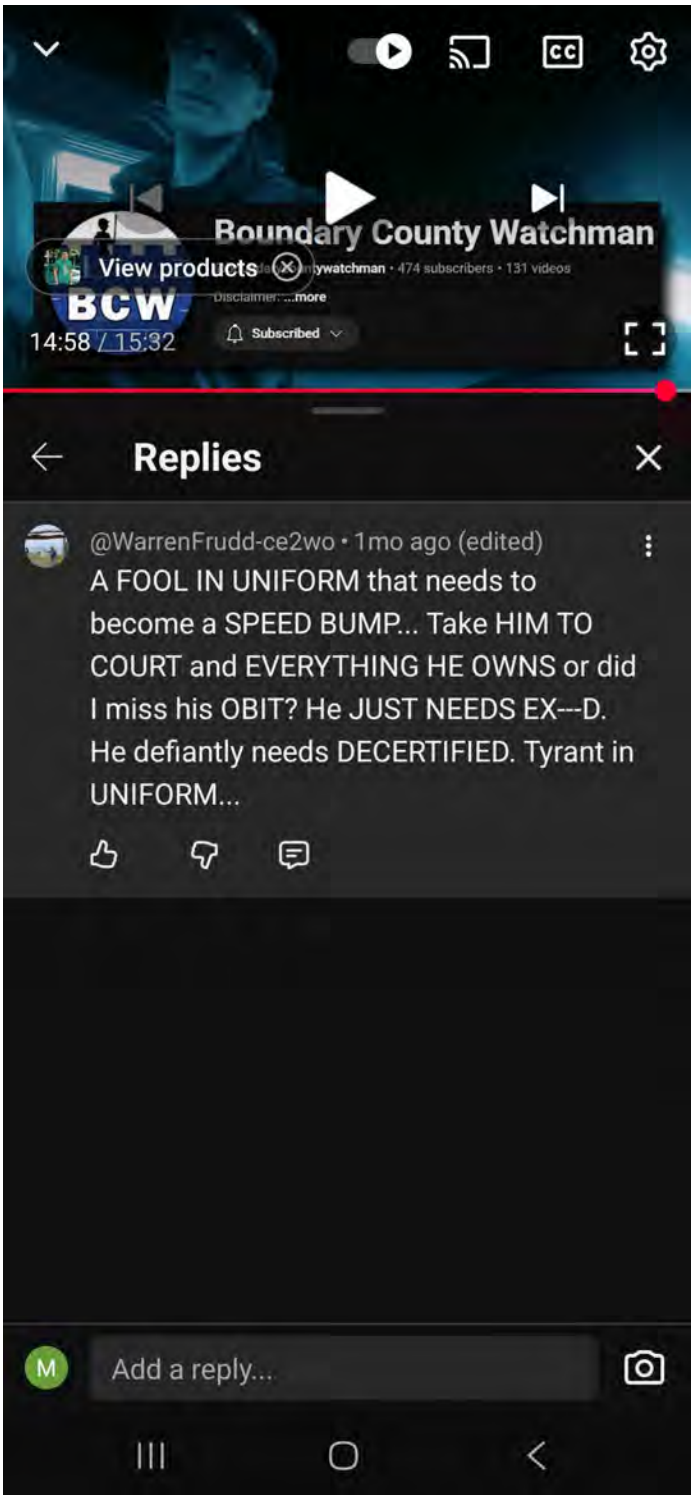

I believe an additional occurrence of the harm we are already experiencing, can easily be avoided with application of Idaho law.

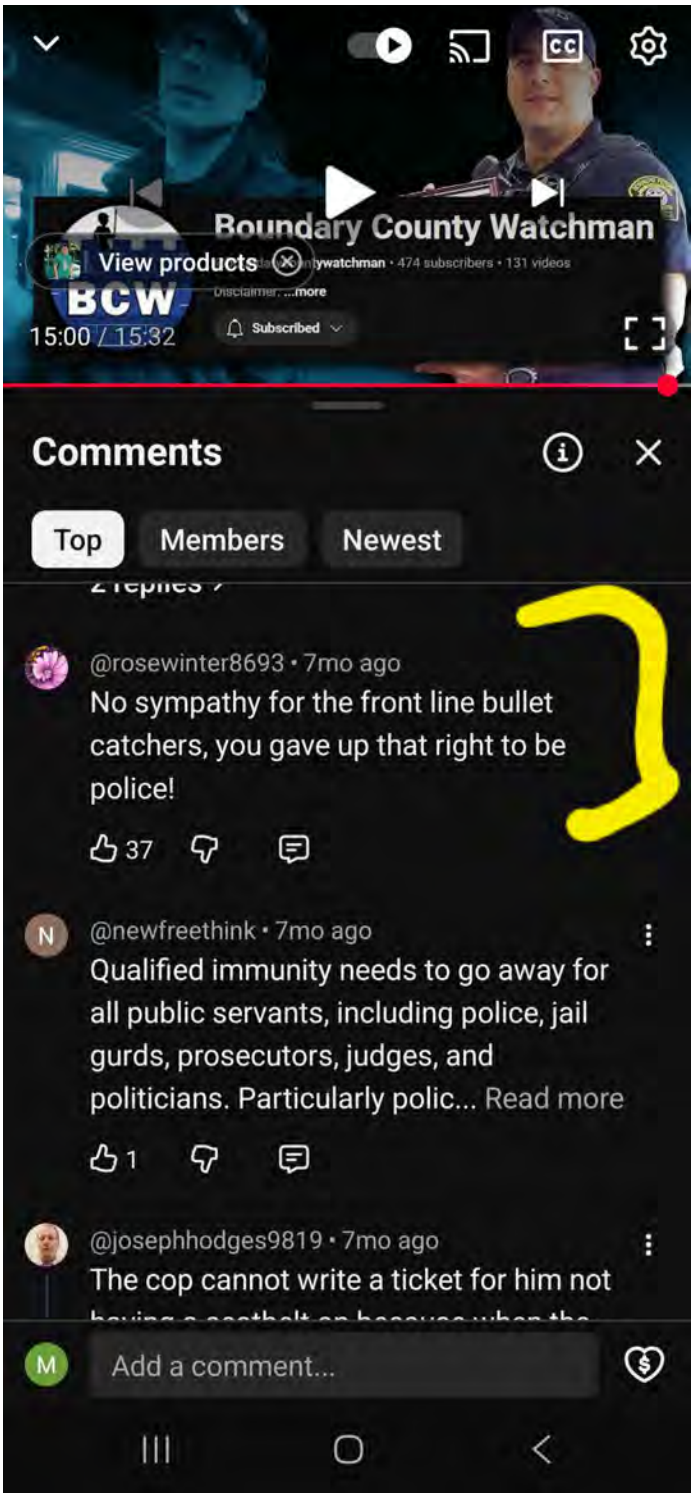

I am sending 2 additional screen recordings in a separate email, as the files are too large to add to this email.

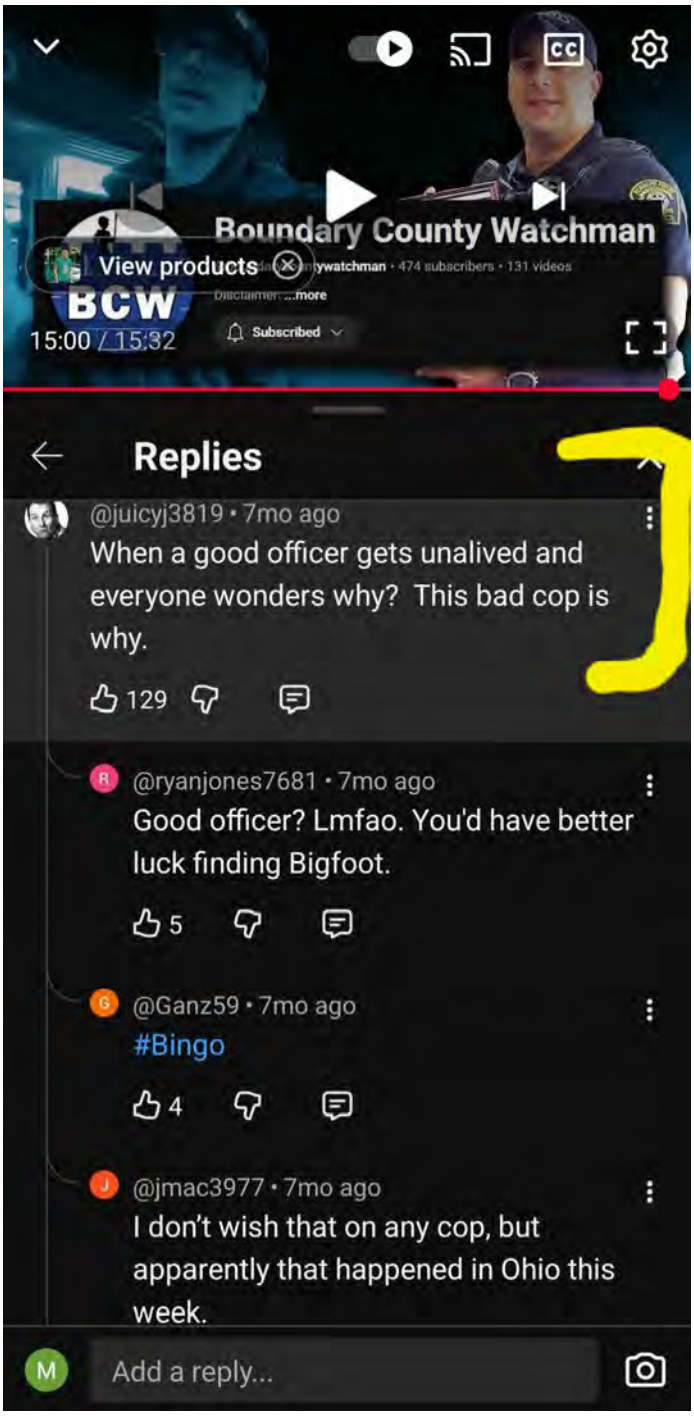

Thank you for your time,
Marie Garrett

Ya Scott that's the problem, you DONT care. You signed up for the job because your a bully. So many locals you went to school with said you are the same today as you were then. Mean, angry and got pleasure from hurting others. All these people defending your horrible behavior are benefitting from you holding this position. You all need to take another look at the videos of Davis lying and abusing Americans in Boundary County Idaho. When the Feds come in and take over because your bias and the cities insurance go sky high because of law suites because you can't control yourself then maybe people will stop denying the truth. Attachments: Screen_Recording_20260108_121535_Facebook.mp4

I am providing additional information of another YouTube platform "John Eagle", with 108k+ subscribers. I have attached a screen recording of an excerpt of the material reproduced courtesy of Adrienne Norris aka Boundary County Watchman. The video shows the advertisement of Boundary County Watchman's content "check out the other videos". The "other videos" includes identifying content of my family and children.

This is just another example of how my family is stalked/harassed/endangered and mingled in with the threats and endangering statements. The unredacted content of my children and family is literally hung out to dry in the face of the target, virally, online. With no ability to know the entire scope of endangerment on my family and children. This safety compromise has been entirely perpetrated and originally disseminated by Mallorie Evoniuk and known actors who continue to work to obtain non criminal personal information of my family and children, through third party requesters.

Any further public record releases of non criminal information, involving my family and juvenile children is likely to continue to be weaponized to continue the mission of stalking/harassment and endangerment of my family and children.

Subject: FORMAL NOTICE

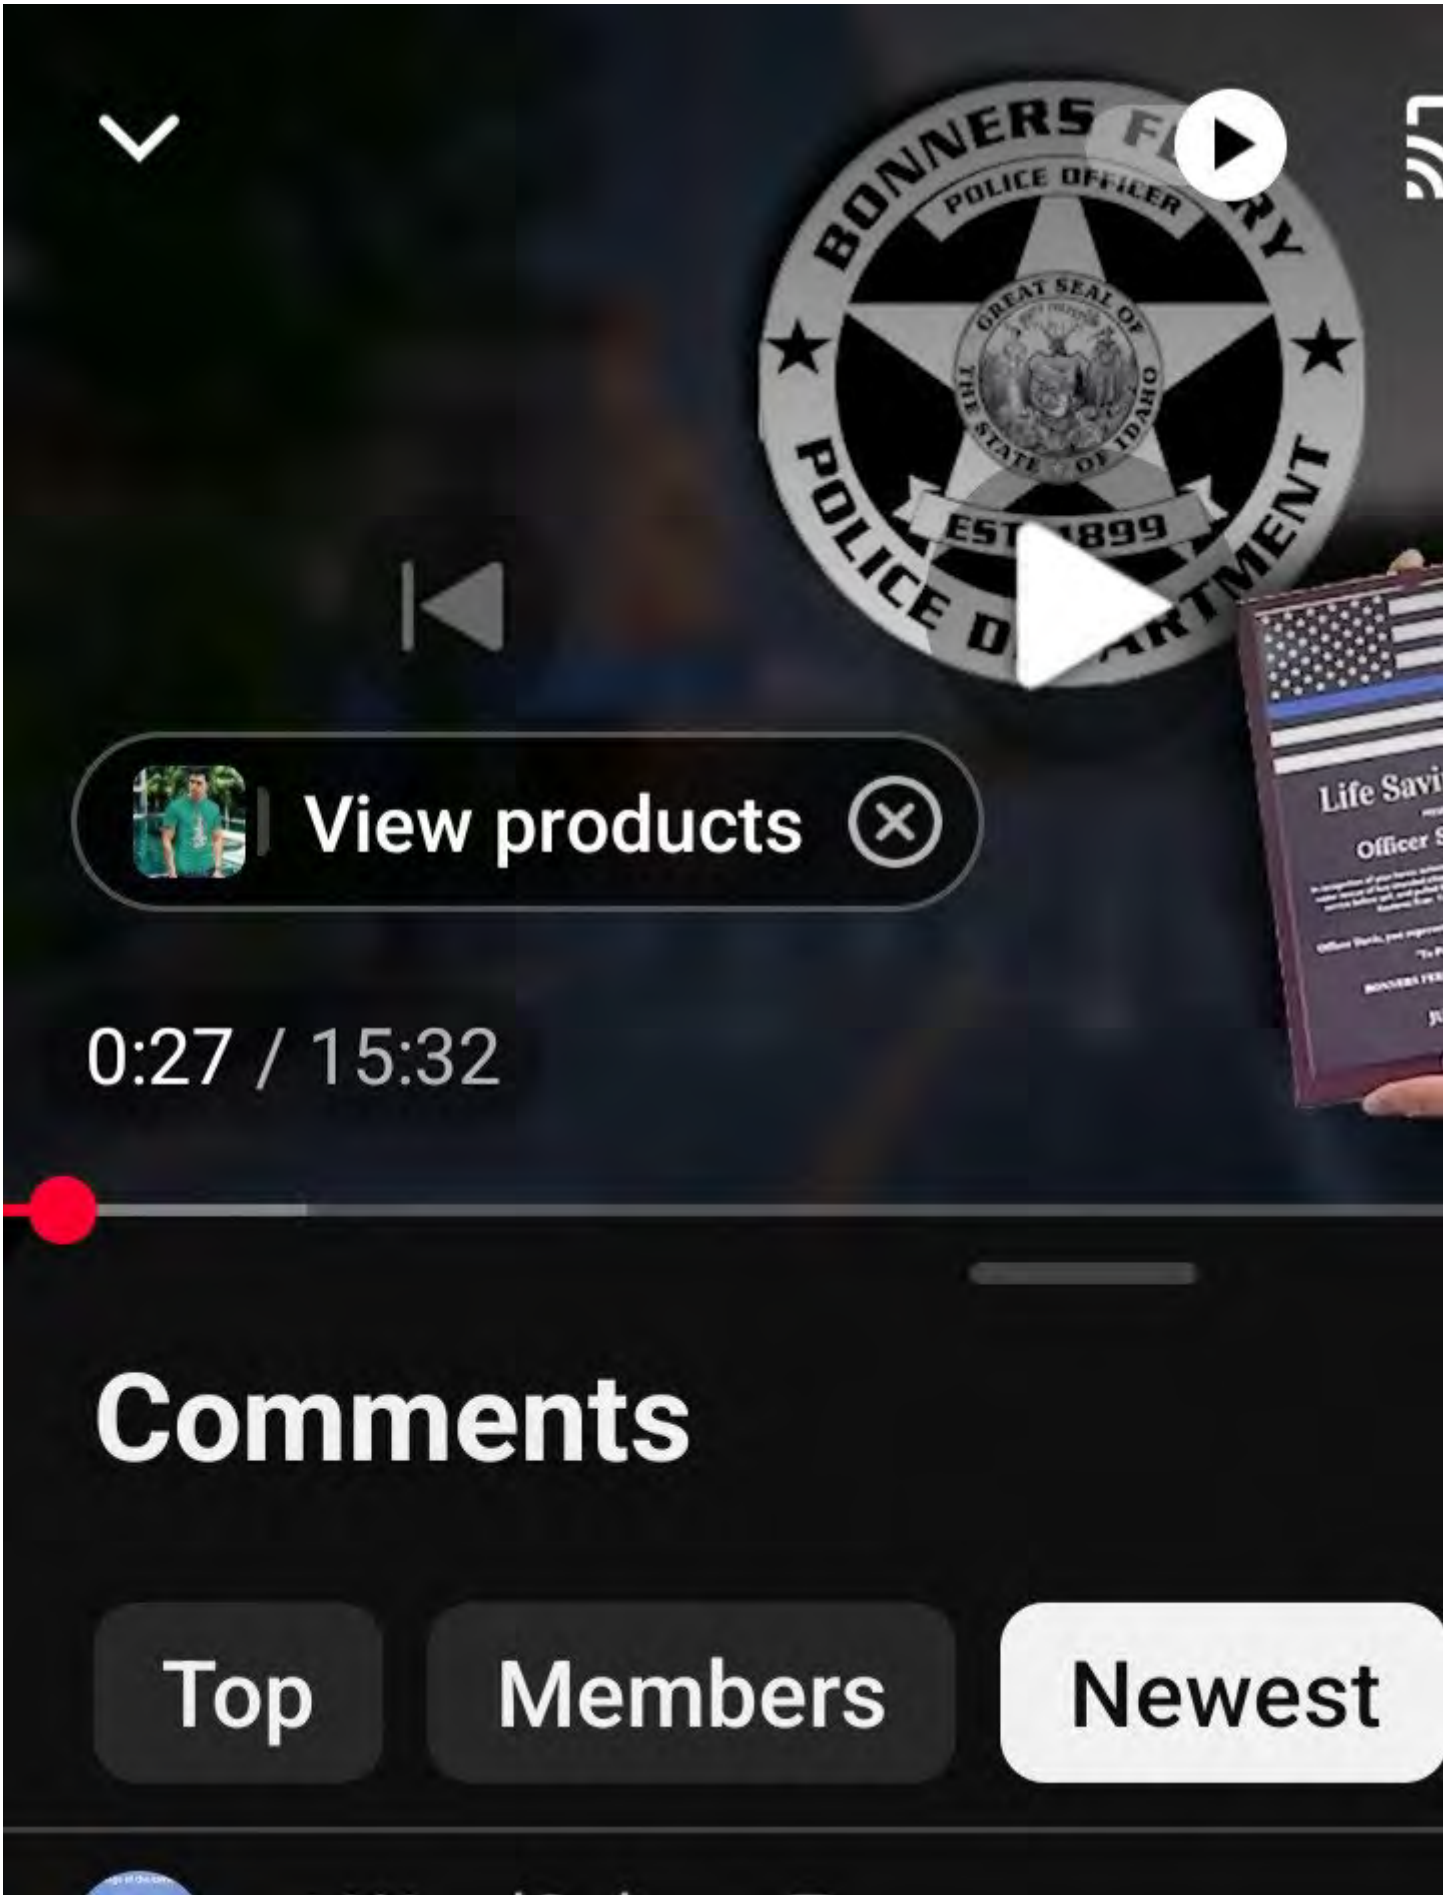

Attorney Andrakay Pluid, Attorney Bill Wilson, Sheriff Travis Stolley, public records custodian Emily Carey,

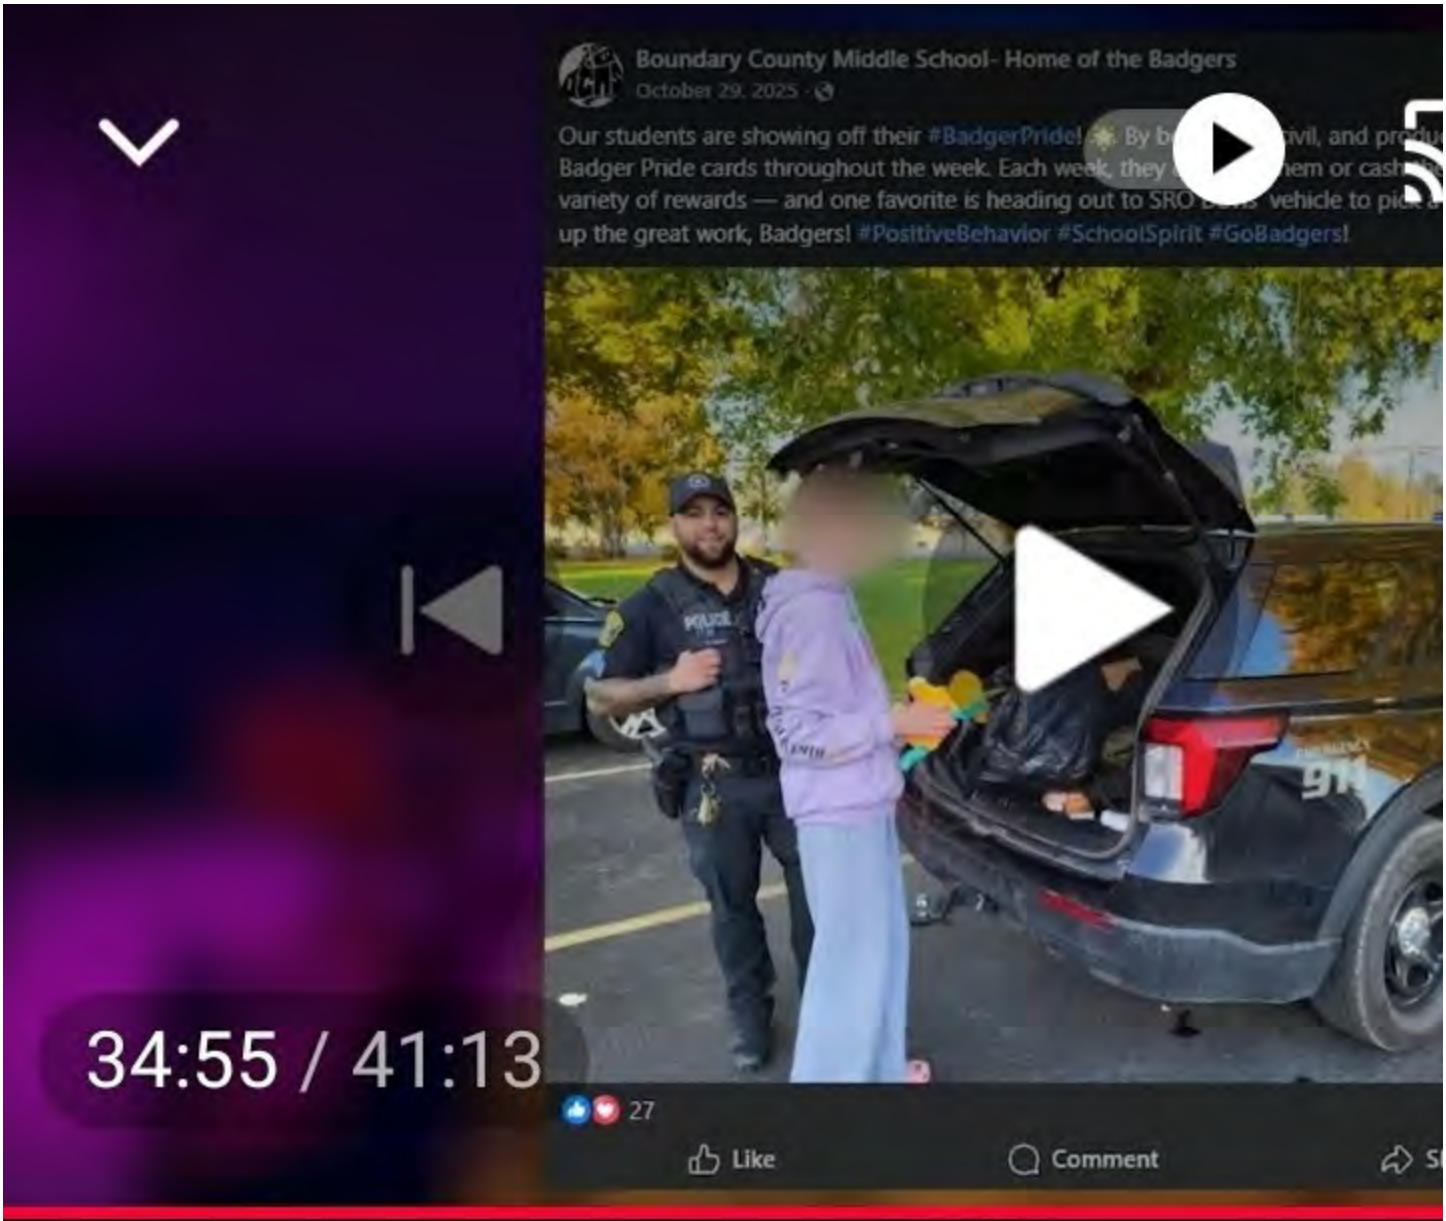

I have provided substantial evidence over the course of 8+months of my family including children being stalked/harassed and endangered. No investigation has been done. Investigation has been refused, likely due to retaliation and my tort claims filed in June 2025, November 2025 as result of the release of 1hr:05mins of my familys protected and identifying information being entirely released to the known perpetrators by Boundary County Sheriff's Office. Unfortunately, that privacy breach created harm for my family and children, as it is was disseminated by Mallorie Evoniuk to Adrienne Norris aka Boundary County Watchman, and is now viral, mixed in with other viral content.

This is formal notice that any release of records pertaining to my family, children, law enforcement husband and our home address is continued harassment,stalking and identifying our children, it is endangering to our entire family including law enforcement husband. IPRA PRIVACY EXEMPTIONS MUST BE APPLIED.

As result of the last unwarranted invasion of personal privacy, unredacted records release, our family records were disseminated in a calculated manner, to endanger my family, plastered online, placing and tagging my family in the middle of the viral millions of views, death threat and violent target of Bonners Ferry Police Department. Our personal lives are endangered, children, families and homes are a target. Exemptions for confidentiality must apply to any records release of my children and family.

I submit this letter to request a formal administrative review of the handling of multiple 911 calls between Dispatcher Scott Peterson and caller Tim West regarding a reported reckless driver on November 14, 2025. The calls were received at approximately 7:03 p.m., 7:11 p.m., and 7:15 p.m. I was notified about the incident and submitted a public records request. After reviewing it I had some concerns as a citizen, a voter and a taxpayer of the Boundary County Sheriff's office. I reached out to Sheriff Travis Stolley, but he declined to respond, hence why I am submitting this letter.

This letter summarizes:

- The alleged facts as reflected in the 911 recordings and agency documentation reviewed;
- Generally recognized professional practices and operational guidelines applicable to emergency communications; and
- Observations regarding dispatcher conduct, caller interaction, and documentation, as reflected in those records.

On November 14, 2025, Mr. West placed multiple 911 calls reporting an alleged reckless driver:

First Call

- Mr. West reported an allegation of a small silver sedan with no license plates traveling northbound over Peterson Hill on U.S.-95, passing vehicles at very high speed (allegedly approximately 80–90 mph) and using the oncoming lane on blind curves and double yellow lines.
- Dispatcher Scott Peterson answered "911, emergency," confirmed a "silver little car northbound," and asked what the driver was doing.
- Mr. West described the reported driving behavior.
- The dispatcher obtained Mr. West's name and then ended the call without additional reassurance or safety guidance.

Second Call

- Shortly thereafter, Mr. West called back to report that the same vehicle had allegedly pulled into a car wash across from Les Schwab.
- The dispatcher responded "Okay, thank you. Bye," and terminated the call (hung up) without confirming whether officers were being dispatched, whether Mr. West should remain in proximity to the vehicle or without providing safety guidance.

Third Call

- Mr. West called again to report that, after leaving the car wash, the same vehicle was allegedly directly behind him and tailgating closely in traffic.
- Mr. West expressed concern and frustration regarding the seriousness of the situation.
- Dispatcher Peterson referenced a prior, unrelated traffic matter involving Mr. West, stating that Mr. West had previously signed a citation and did not attend court.
- When Mr. West objected to this comment as unprofessional, Dispatcher Peterson stated that the decision regarding that prior matter was made by the prosecuting attorney. Mr. West stated that the dispatcher's role was to relay information and ensure responding units were notified.
- Mr. West continued providing location updates (including "coming past Ash Street"), after which Dispatcher Peterson stated he would advise officers and ended the call, again without reassurance or safety guidance.

In my opinion, based on the recordings reviewed, the dispatcher did not attempt to calm the caller, provide safety guidance (such as avoiding confrontation or moving to a safe, well-lit area, etc.), or clearly explain what response actions, if any, had been initiated during initial call.

- Does emergency communications training and commonly recognized Public Safety Answering Point (PSAP) practices emphasize the importance of calm, controlled call handling; active listening; collection of essential information; appropriate caller reassurance; and maintaining focus on the immediate safety concern during ongoing or escalating incidents?
- Are prior caller history typically used, where applicable, for legitimate safety awareness purposes rather than commentary unrelated to the reported event?

Positive aspects include:

- That the dispatcher answered promptly, obtained basic identifying information, and that the Event 46214 report indicates the information was broadcast to Boundary County Sheriff and Bonners Ferry Police units, which attempted to locate the reported vehicle and ultimately cleared the call as unable to locate.

Concerning observations include:

- Limited information gathering during an active reported traffic hazard.
- The caller was not kept on the line when the reported situation escalated to close proximity and tailgating, where continued updates and reassurance are commonly emphasized in training materials.
- Reference to a prior, unrelated traffic matter in court, which appears unrelated to the immediate safety concern and could reasonably be perceived as discouraging or distracting during the current emergency call. How did the dispatcher know of the prior incident? Was the Prosecutor added these notes in the dispatch system? If not, were employees having inappropriate conversations? The reference to a prior incident raises questions regarding relevance and appropriate use of historical information during emergency communications. Regardless of how such information was obtained, its inclusion during a live 911 call appears inconsistent with commonly taught principles of neutrality, focus on the immediate hazard, and caller reassurance.

To support transparency and quality improvement, I respectfully request that the Sheriff's Office:

- Conduct a formal administrative review of the call handling;
- Determine and document:
    1. Is it appropriate for a 911 dispatcher to hang up on a caller;
    2. Whether referencing unrelated prior citation or court history during a 911 call aligns with department guidance and emergency communications best practices;
    3. Whether internal guidance exists regarding the use of prior caller information during an active emergency calls; and

4. What, if any, additional training, clarification, or internal review steps may be considered regarding caller management, impartiality, and de-escalation.

I appreciate the work performed by the Boundary County Sheriff's Office. My concern is limited to whether the handling of these calls reflects the professional standards that community members reasonably expect from an emergency communications center.

For the safety of the public and the integrity of the office, I respectfully request a written response following completion of the review, including any general findings or non-confidential corrective steps taken.

Thank you for your attention to this matter.

Subject: Viral content endangering and soliciting harm on my children and family

Boundary County Attorneys Bill Wilson and Andrakay Pluid,

I am writing again to express my concern for my children and family's safety. I have demanded investigation into this matter numerous times since April 2025 to no avail. As you are aware, as direct result of the unredacted, identifying records of my children and family released to Requester Mallorie Evoniuk, she disseminated with intent to solicit and incite stalking/endangerment and harm on my family and children. The mission has been accomplished. My family and children's names have been doxxed virally, mingled in and tagged with the Bonners Ferry Police Department content which is viral and is receiving death threats, violent threats, not only directed to officers, but our homes and families. As you are aware, Adrienne Norris' aka Boundary County Watchman edited videos have been reproduced numerous times by different YouTube platforms. I have scratched the surface in what I have located. The most recent I have found has 175k+ views since it was released 1/7/26. It now involves the mingling of Adrienne Norris' aka Boundary County Watchman's edited narrative with the Boundary County Middle School and additional children. Comments include death threats and violent rhetoric, targeting of officer families and homes. The actors involved in this are soliciting threats and harm on people they are intently putting in the middle of a target. This is the exact method of what has been happening to my family and children!

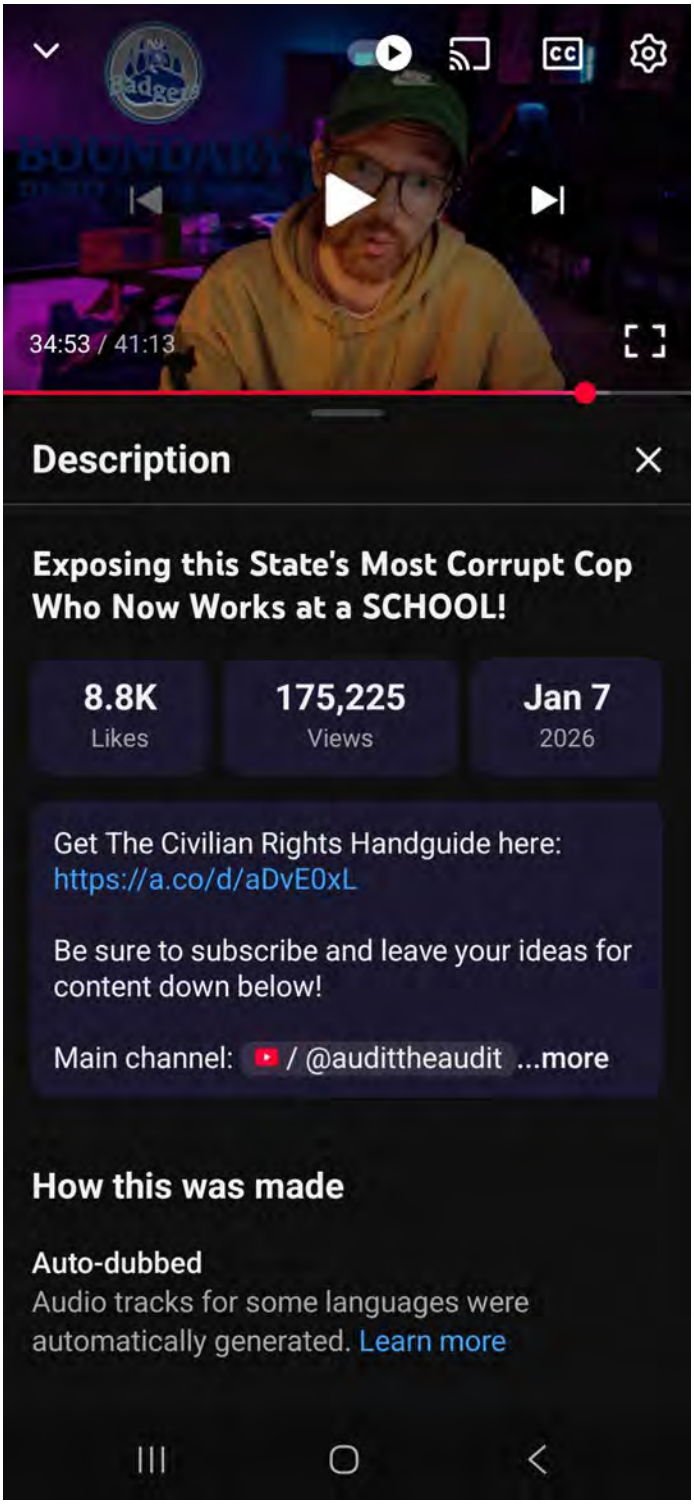

Why has Boundary County Sheriff's Office denied me an investigation into the matters of this of which I requested an investigation 8+ months ago, and numerous times since? Why do known individuals remain in possession of unauthorized records of my family and children? Third parties employed by the same actors responsible for soliciting threats and endangerment on my children and family continue to request non criminal records of my family and children.

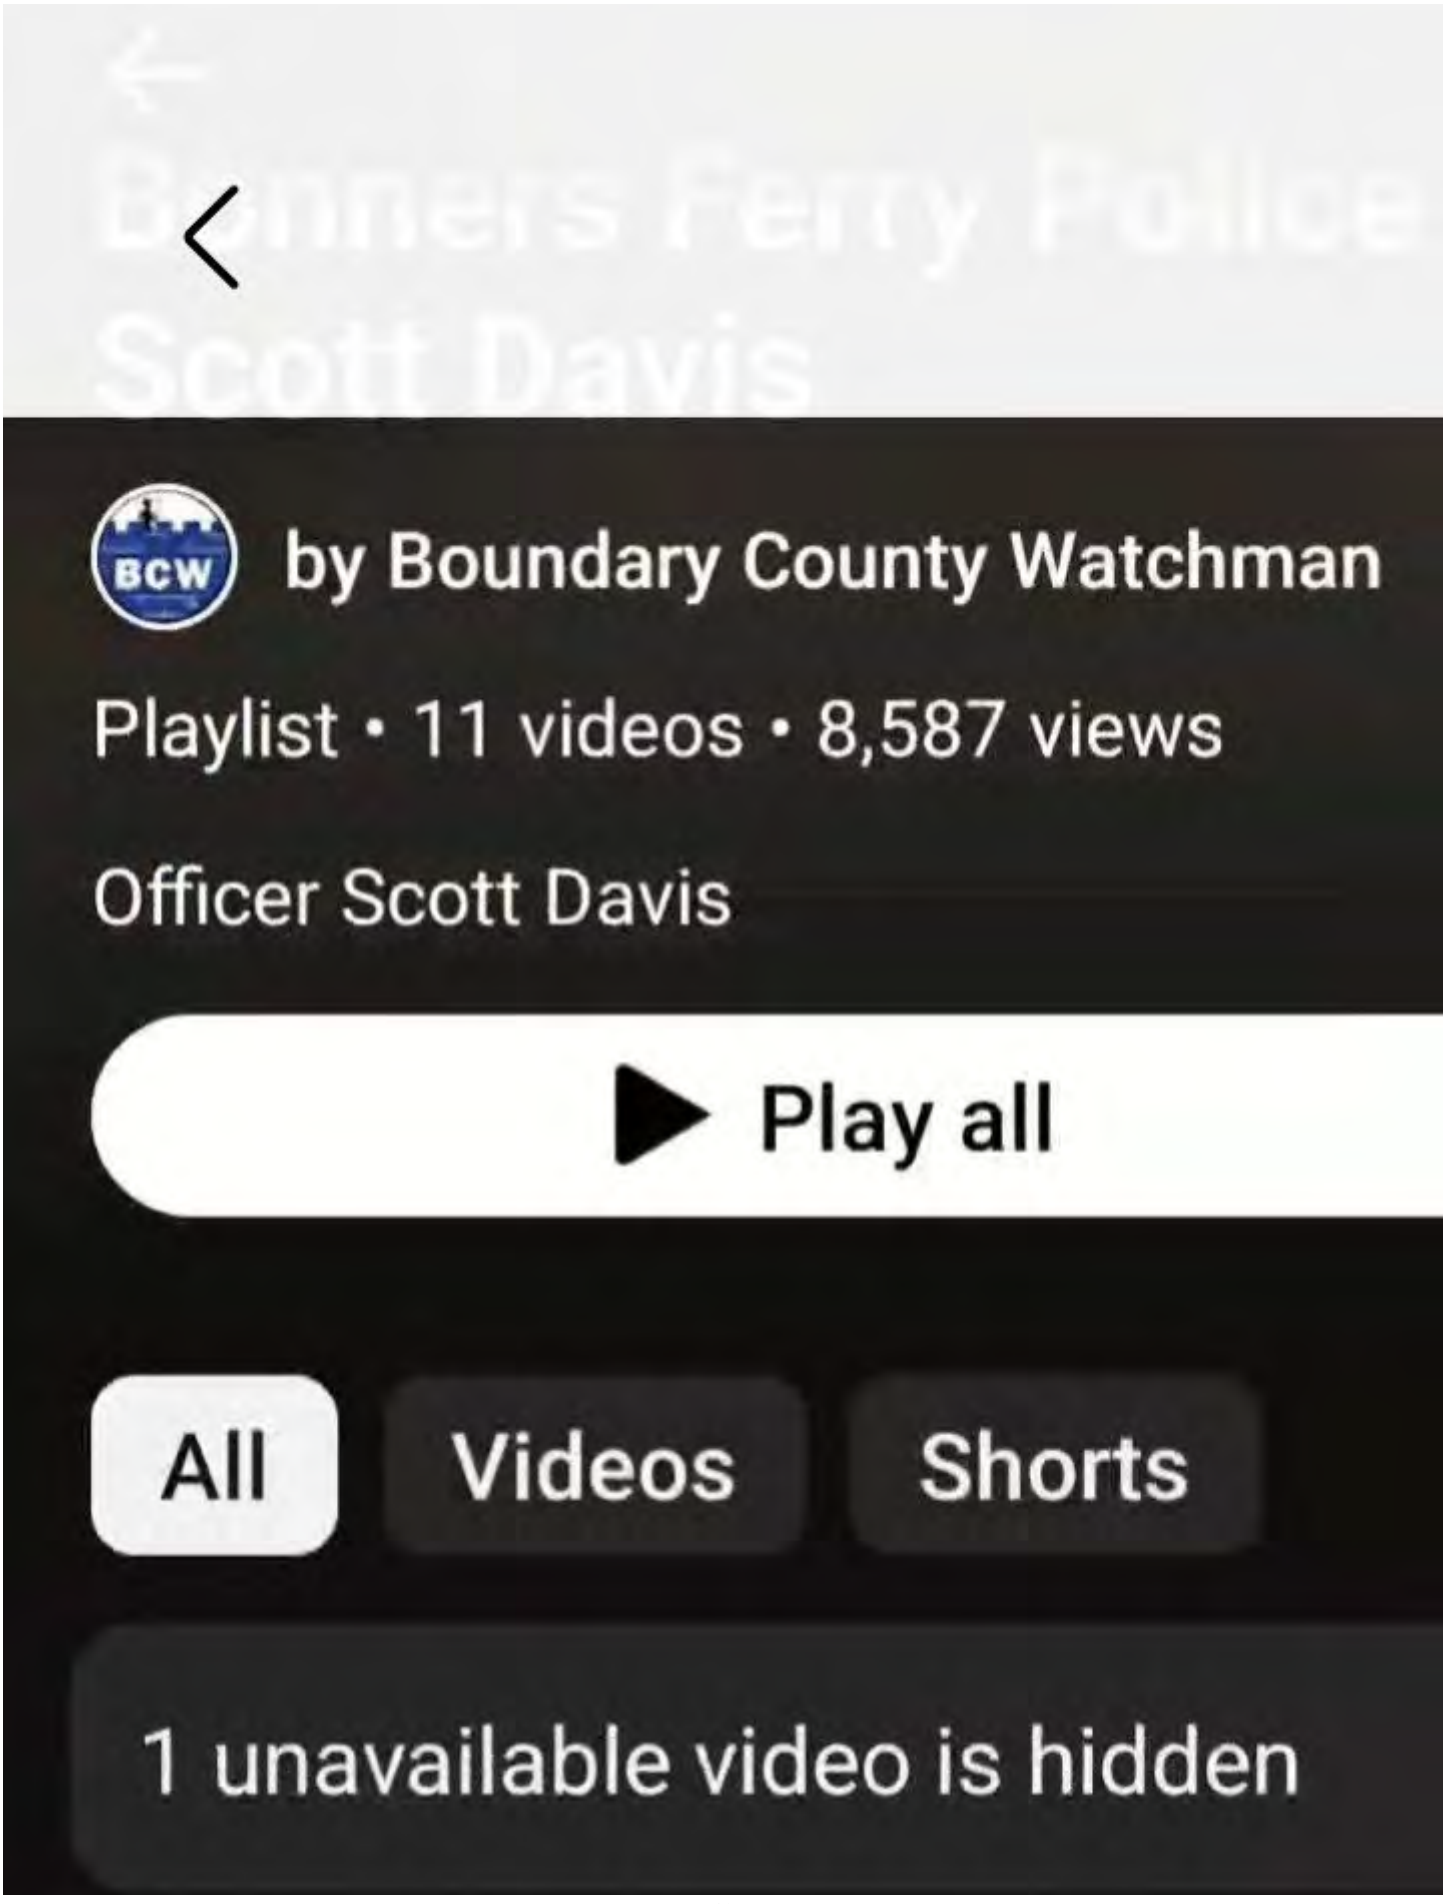

How will Boundary county Sheriff's Office and Boundary County officials handle this? Will my family and children continue to be hung out to dry, jeopardizing our lives, safety and wellbeing? Will Boundary County adhere to applicable IPRA exemptions to Public records requests of my family and children?

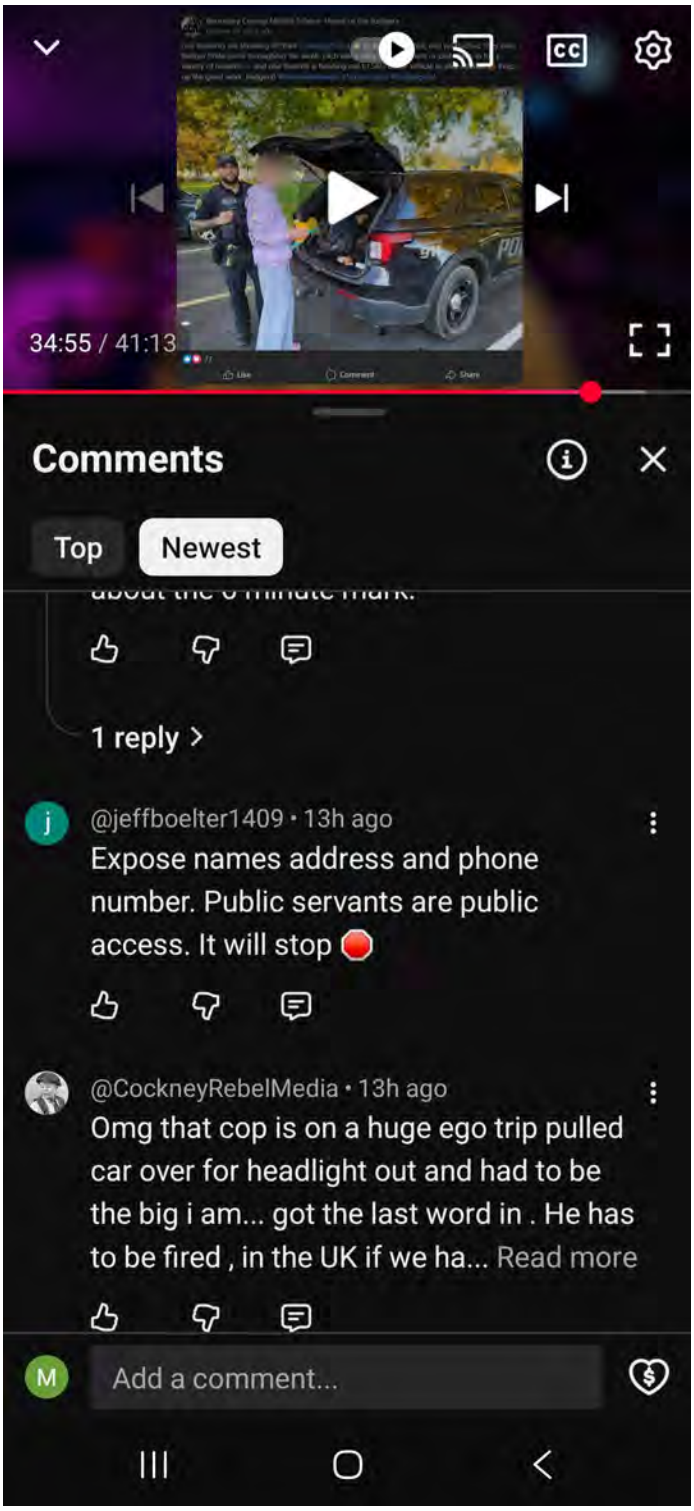

I have not received any assistance from the Boundary County agencies responsible thus far. I have been denied investigation into these matters which are endangering my family, involving stalking, harassment and the solicitation of harm and fear on my entire family including children.

Please reply to this email.

Sincerely,
Marie Garrett

In response to my public records request submitted on December 16, 2025, the Boundary County Sheriff's Office stated that no written or emailed complaints from department employees existed.

However, the public records I received one month later, on January 13, 2026, directly contradict that assertion.

Pursuant to Idaho Code § 74, these records should have been acknowledged and disclosed at the time of my original request.

Additionally, please clarify why the "To" recipient in the September 18, 2025 email from Deputy Hardman was redacted.

Please see the attached documents for reference. Thank you

Thank you for your response and for providing clarification regarding the initial handling of my public records request. I appreciate your explanation concerning the limitations in the original records search and your concurrence that certain redactions should not have occurred.

I further appreciate the corrective actions you described, including additional training and review of records management and email systems. These steps indicate a good faith effort to improve compliance with Idaho's public records requirements moving forward.

Here is additional training that will be provided by IDOG. It is online and the trainings will be preserved for later viewing.

We looked into administrator emails and failed to look into all employee emails for the record. As you are aware we are going through growing pains in how to be both efficient and proficient in processing records requests. One of the problems we face is how our email system retains information and how we search the databases associated. This issue has been brought to the attention of county commissioners and we (county government as a whole) are in the process of looking into other email systems that will be more efficient not only for the records retention process but for basic functionality as well.

We are working to address the identified issues in two ways, both of which have been in the works for a period of time. We have scheduled outside training which is happening next month for our records clerk. Hopefully this will bring new knowledge about industry standards and best practices. This training will provide relevant training about what information is protected and what information should be released. For example, the request you received with emails addresses redacted, I am in agreeance with you, they should not have been.

Thank you for you follow up questions and concerns.

In response to my public records request submitted on December 16, 2025, the Boundary County Sheriff's Office stated that no written or emailed complaints from department employees existed.

However, the public records I received one month later, on January 13, 2026, directly contradict that assertion.

Pursuant to Idaho Code § 74, these records should have been acknowledged and disclosed at the time of my original request.

Additionally, please clarify why the "To" recipient in the September 18, 2025 email from Deputy Hardman was redacted.

Please see the attached documents for reference. Thank you

Subject: IPRA exemptions

Hello,

I would like to update you on the viral public content which appears to be courtesy of Adrienne Norris aka Boundary County Watchman. In 2 weeks, one viral platform has reached 212k+ views and 3.3k+ comments, soliciting threats not only on Law enforcement officers and the department, but our families and home address. This is just ONE of the viral reproductions of content, courtesy of Adrienne Norris and her viral YouTube platform, "Boundary County Watchman"

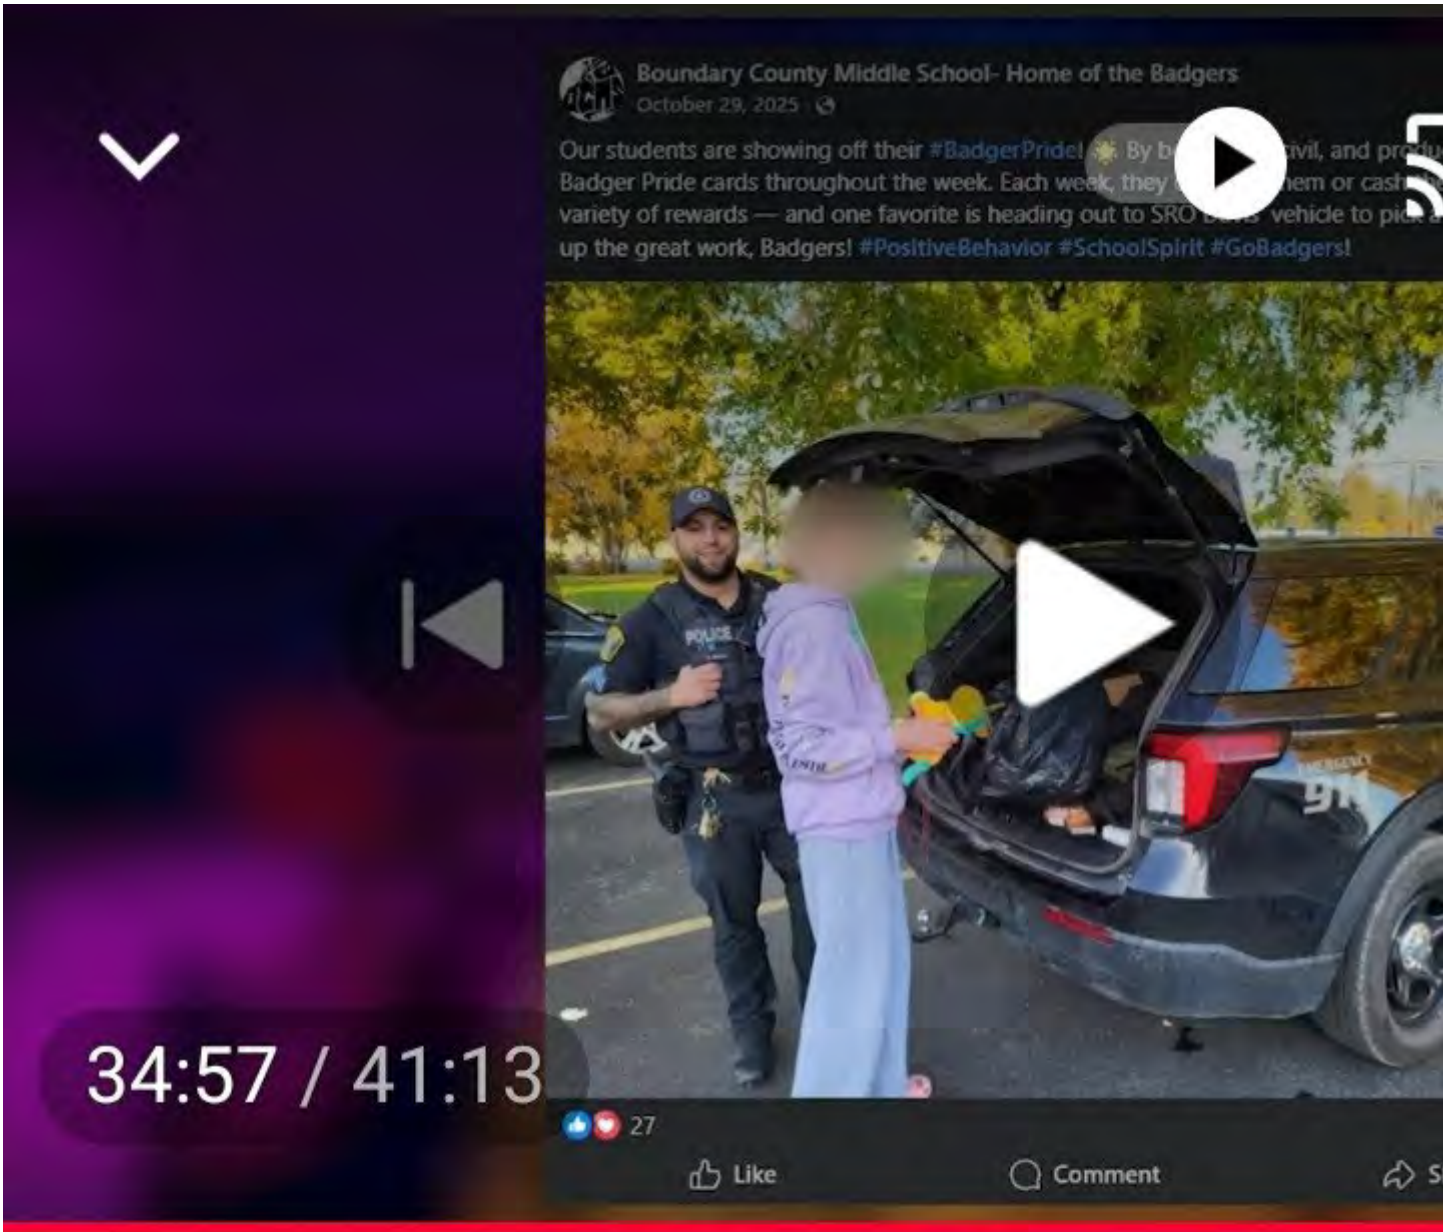

I would like to remind that this is the content of which my family's personal, unredacted and identifying information has been mingled and tagged in
Adrienne Norris' viral Bonners Ferry Police Department video chapters.

It is self admitted by Mallorie Evoniuk she disseminated Boundary County Sheriff's Office records containing my family's (children) personal and identifying information, of which she was aware was unredacted, and contained personal information of my children. Ms. Evoniuk claimed she disseminated the content to Adrienne Norris to protect herself...Considering Adrienne Norris and her Boundary County Watchman content is not security, law enforcement officer or legal authority, The intent to harm my family and solicit harm to my family perpetrated by Ms. Evoniuk is indisputable.

The moment of truth reveals Ms. Evoniuk was actually represented by attorney(s) at the exact date of the incident and the time of receipt of records. Ms. Evoniuk's' attorney staff is documented as picking up the disc content from Boundary County Sheriff's Office. This is just one more indicator for the obvious ill intent of Ms. Evoniuk in using the records to harm my family and children, soliciting us as a target to place us in danger, through targeting, identifying my juvenile children stalking and harassment and involving others to assist the mission.

I provide this information to you once again, as measure of reminder that IPRA exemptions must be applied prior to any records release pertaining to my family and children. You have been provided substantial evidence that Boundary County records released concerning my family and children are being used to harass, identify and endanger my family's lives and safety (including law enforcement husband). IPRA 74-124 (1)(c);(f) exemptions are warranted on any public records request involving my juvenile children received by the Boundary County Sheriff's Office and Bonners ferry Police Department. The involved parties using my family's personal information to target, harass, identify stalk, harass and solicit danger to my family must be stopped. Including when said actors employ third parties to assist in carrying out the agenda.

Sincerely,
Marie Garrett

To: Emily Carey, Mike Rosenthal, Travis Stolley, Andrakay Pluid, Bill Wilson

This letter serves as a formal demand under the Idaho Public Records Act, Idaho Code §§ 74-101 et seq.

On January 16, 2026, I requested a copy of the body worn camera video recorded on January 2, 2025, involving citizen Travis Stolley, Chief Deputy Richard Stephens, and Sgt. Mike Valenzuela. I have been advised that this exact video was previously released in full and without redaction to Travis Stolley.

If that information is accurate, any discretionary exemption that may have previously applied to this record has been waived by voluntary public disclosure. The Idaho Public Records Act does not permit selective disclosure of public records to one member of the public while denying or burdening access to others.

Accordingly, I hereby demand the following:

Immediate production of the same body worn camera video, without redaction and without charge; and

In the alternative, if the agency contends that the record was not released unredacted, written confirmation of that position together with:

a. Identification of the specific statutory exemption(s) claimed;
b. An explanation of how those exemptions apply notwithstanding prior release; and
c. An explanation of how redaction is now required for the same record.

Please note that charging redaction or labor fees for a record that has already been reviewed and released unredacted is not authorized under Idaho Code § 74-102(10).

If the agency continues to deny or condition access to this record, please treat this letter as notice that I will seek relief pursuant to Idaho Code § 74-115, including attorney's fees under § 74-116 and civil penalties under § 74-117 for any deliberate or bad-faith refusal to provide a public record.

I will present to the Court multiple instances demonstrating an ongoing pattern by Boundary County of refusing, delaying, and attempting to improperly overcharging for public records when the County does not wish to release those records to me.

Please also preserve the requested video and all related metadata, communications, and records reflecting any decision to release, redact, withhold, or charge fees for this record.

I have attached all correspondence to date.

I look forward to your prompt response.

Sincerely,

Adrienne Norris

Sheriff Stolley,

I am responding to your January 27, 2026 email.

In regards to the Stephens/Stolley/Valenzuela PRR thank you for explaining the unknown. I really appreciate it.

Upon reviewing the the concerns you relayed on behalf of Marie Garrett, I elected to take voluntary steps to avoid further escalation. Without admitting any wrongdoing, and while maintaining that I have not engaged in unlawful conduct.

After we previously spoke, I made the video unavailable to the public. I do not intend to republish, repost, or otherwise distribute the video.

The associated Facebook post remains unchanged due to platform limitations on hiding the post; however, the inserted Youtube link is dead.

I have lawfully preserved a copy of the video and Facebook/Youtube post solely for legal preservation, in order to avoid any issue related to destruction of materials should they ever be required in a legal context.

These actions are taken voluntarily and in good faith, and are not an admission of fault or liability.

This is a records issue caused by the Boundary County Sheriff's Office.

I consider this matter resolved from my perspective and do not intend to take any further action related to it.

Is there a way for you to redact the names of the children from the video and provide proof of that to the Sheriff's

office?

Sheriff Stolley,

I am responding to your January 27, 2026 email.

In regards to the Stephens/Stolley/Valenzuela PRR thank you for explaining the unknown. I really appreciate it.

Upon reviewing the the concerns you relayed on behalf of Marie Garrett, I elected to take voluntary steps to avoid further escalation. Without admitting any wrongdoing, and while maintaining that I have not engaged in unlawful conduct.

After we previously spoke, I made the video unavailable to the public. I do not intend to republish, repost, or otherwise distribute the video.

The associated Facebook post remains unchanged due to platform limitations on hiding the post; however, the inserted Youtube link is dead.

I have lawfully preserved a copy of the video and Facebook/Youtube post solely for legal preservation, in order to avoid any issue related to destruction of materials should they ever be required in a legal context.

These actions are taken voluntarily and in good faith, and are not an admission of fault or liability.

This is a records issue caused by the Boundary County Sheriff's Office.

I consider this matter resolved from my perspective and do not intend to take any further action related to it.

I'm not familiar with their process or rules but you could reach out to them and see if they are able to release the video or not.

The reason the original request was denied was due to me never receiving the video as part of that request. Your request asked for anything I had received from my request.

As far as the other issues you mentioned, do what you think is best. As I've stated before we are working to improve our services. Some of the concerns you brought up have been addressed but I can assure you we are not purposefully withholding any record that you should lawfully have.

I would like to reiterate my request you remove the YouTube video containing information that should have been redacted by the BCSO prior to being provided wrongly to you in 2024. This is a real concern from the parent of the children, Marie Garret. Marie has expressed a very real concern to her families safety due to the amount of views that video has received. Is there a way for you to redact the names of the children from the video and provide proof of that to the Sheriff's office?

Respectfully,

Sheriff Travis Stolley

Pursuant to the Idaho Public Records Act, Idaho Code §§ 74-101 et seq., I submitted a public records request on January 16, 2026, seeking a copy of the PRR email authored by Travis Stolley and the response.

Under Idaho Code § 74-103(1), a public agency is required to respond to a public records request within three (3) working days, unless an extension of up to ten (10) working days is properly invoked in writing. To date, approximately one month has elapsed since my request was submitted. I have made multiple follow up inquiries and have not received the requested record. My last response from the Sheriff's office was:

I have no idea the date of the PRR, as I believe it may had been a responsive record provided by paper copy,but cannot confirm because I began scanning paper records and I have the record as a pdf file. Paper copies make tracking it down more difficult.

No, this is not the same request for information.

I am attempting to receive records of any contact your office has made in regard to the individuals in possession of my juvenile family unredacted records released by BCSO. Which would include Adrienne Norris aka Boundary County Watchman and Misha Davis et al aliases, as you were made aware those two known individuals remained in possession of the unauthorized records. I am attempting to receive record of your office making contact with the known individuals in regard to the unredacted juvenile records in their possession.

My 2/19/26 was a request for:
"Any indication of Status of public records request pertaining to Marie Garrett, Jeremy Garrett (in personal capacity), Colton Cohen, C[redacted] G[redacted] (a juvenile), our home address (not provided for privacy purpose) for the date range 12/6/25 through present.
My 3/10/26 request is a request for:
"Any/all public records for date range 12/1/25 through present pertaining to any/all contacts with individual(s) in possession of Boundary County unredacted juvenile record(s) of my family. This includes any/all electronic and/or handwritten record, any/all text messages or call log on a Boundary County issued device pertaining to the matter referenced above."

I sent the request to you, as you were involved in previous communications seeking the return of record. I understand I must PRR agencies separately, which is what I am doing.

This is a reminder that transparency in matters in which a citizen is directly involved would be a preferable way of obtaining answers. I really do not appreciate having to submit public records requests to obtain any information concerning the issues that are affecting my family, that of which Boundary County Sheriff's office created the issue- through release of completely unredacted records.

This "guessing game" of how to word requests and where to submit PRRs to obtain answers is not ideal or appropriate. Transparency would be appreciated in this matter, considering myself and family are the affected ones.

Please advise what protocol of law you are enacting to aggregate requests made to different individual agencies within Boundary County?

I am attempting to understand why I was previously provided certain communications to Adrienne Norris and other individuals regarding the possession of my juvenile children's unauthorized unredacted record.

However, now I am unable to receive any record of any further communications regarding the matter, as exemptions are cited? Where is the transparency in my Government, regarding serious matters that affect my family?

Your request was for legal action communications directed to Adrienne Norris from 1/1/2026 to present, we do not have any records responsive minus the exemption cited below.

If there is something more specific you are looking for, a more straightforward request would be helpful. It sounds like you are asking for communications to Ms. Norris about the records regarding Colton? If that is in fact the request, it's possible that the BCSO may have something responsive, but the Prosecutor's Office does not.

I am attempting to understand why I was previously provided certain communications to Adrienne Norris and other individuals regarding the possession of my juvenile children's unauthorized unredacted record.

However, now I am unable to receive any record of any further communications regarding the matter, as exemptions are cited? Where is the transparency in my Government, regarding serious matters that affect my family?

Yes, I am seeking any communications to Adrienne Norris regarding her possession and use of my children(s) identifying unredacted record. For the record, it does contain both my children's names (2). Both of which were indeed juvenile children when the incited harm and stalking of my family began over one year ago. (Nearly 16 months ago…beginning in December 2024)

I did also request this information from BCSO over 1 month ago and have not received a response. I am going to go out on a limb and assume the sheriff Stolley continues to communicate with his seemingly shielded friend, Boundary County Watchman via private phone call- as noted previously-when he negotiated with the seemingly shielded friend to continue her possession and use of my children's identifying names—indexed and tagged with Bonners Ferry Police department (where juvenile children do not work)— viral content inciting death threats, threats of harm to my family and home. And yes- Stolley actually acknowledged this and even put it in writing to me. What a great way for the Sheriff to avoid any transparency and accountability in the matter, all while permitting stalkers to continue possession and use of my children's identifying record in a viral, stalking inciting, harmful manner!

Again, if the involved Boundary County agencies were to have a level of transparency in this matter, I would not be having to play this game of "word your public record request just right" and "guess which agency to submit a Public records request to" and "submit another public record request to find out what is happening with matters concerning my children" all involving the dangerous use of unauthorized sleuths using unredacted juvenile identifying record of my children to harm my family.

Questions:
Why did the sheriff continue to give Adrienne Norris (our stalker/harasser) the option to retain possession of my juvenile children's identifying record by redacting their names herself, of an unredacted record she was wrongly provided? Furthermore, the sheriff is aware of the harm to our safety incited by this person, with publicly viral use of this record indexed with viral content inciting death threats, threats of harm to our family and home, yet the sheriff is allowing Adrienne Norris to retain this unredacted unauthorized record of my juvenile children with no demands for the unauthorized record to be RETURNED to the custodian of the record (Boundary county Sheriff's office)?

The additional major concern is that the Sheriff has adamantly refused an investigation of this and the crimes being committed on my family. Why is the Sheriff shielding Adrienne Norris, as she commits crimes on my family and children?

Why is this not taken seriously? If this is how all matters concerning harassment and stalking of juveniles and families are handled, I am deeply concerned for all juveniles and families of Boundary County who become a target of "Boundary County Watchman",her affiliates and any other stalkers and dangerous people.

Boundary county officials really need to figure out the appropriate method in handling these matters, rather than permitting stalking and inciting of harm on children and families and burying your heads in the sand.

HOW WOULD YOU FEEL IF THIS WAS HAPPENING TO YOUR FAMILY AND CHILDREN?

Subject: Conflict Concern

I am writing to express concerns regarding what appears to be a potential conflict of interest related to the driver's education program offered within the district.

The driver's education program appears to be operated as a private business by Travis & Kelly Hinthorn who are also employees of the school district. Driver education classes are conducted within school facilities, and communications have been sent through school district issued email addresses. This creates the appearance that the program is endorsed or integrated with the district, while still requiring families to pay significant fees of $400 per child. The new Idaho law does allow more options, but I question how many families, especially homeschool families know of their legal options.

Additionally, after reviewing records with the Idaho Secretary of State, I found that the company's filing agent is Andrakay Pluid who currently serves in legal roles for both as the Boundary County Prosecutor and the City of Bonners Ferry Attorney. Some members of the community have already expressed concerns about overlapping legal roles between the city and county, and this additional connection raises further questions about transparency and potential conflicts of interest.

While I want to be clear that I have no concerns regarding the quality of instruction provided, the structure and presentation of the program gave the impression that families had limited options, particularly in a rural area where alternatives require significant travel and time commitments.

Given these concerns, I respectfully request clarification on the following:

- The nature of the relationship between the school district and the driver's education program?

- Whether district employees are permitted to operate private, fee based programs within school facilities? Especially without a disclaimer.

- What steps are taken to ensure families are fully informed of all available driver's education options?

- Any policies in place to prevent or address potential conflicts of interest?

With the recent changes to Idaho law providing additional options for families, I believe this is an important opportunity to ensure transparency, fairness, and clear communication moving forward.

Thank you for your time and attention to this matter. I would appreciate any information or clarification you can provide.

Sincerely,

Adrienne Norris

Sheriff Stolley,

I am following up regarding the issue of the unauthorized unredacted records of my children. At this point in time, who is still known by your agency to possess the records of my chidren? What is status on retrieving said records and an investigation into the extent of the breach?

I would also like to point out that in your email to me dated 11/11/25, you stated "ISP has already looked into this while investigating a similar complaint." This is actually false information. The fact is you never provided ISP with my complaint I delivered to your office 4/21/25. You had sent ISP Misha Davis and Mallorie Evoniuk's complaints on me, but oddly did not forward my complaint. I have confirmed this. My 4/21/25 complaint regarding the release of unauthorized records/dissemination was never fully investigated by any agency.

ISP Detective Lehman's investigatory report dated 9/17/25 does not indicate an investigation was concluded regarding the matters of BCSO release of unauthorized records and the subsequent dissemination of said records. In fact, it is stated in the report it was referred to Boundary County Prosecutor office for consideration. See line item #15 in the provided document

Your willful blatant refusal to investigate the extent of the unauthorized records released by your agency and civil deputy (who is still employed with your agency) is alarming.

As the Sheriff of Boundary County it would be appropriate for you to address and investigate this serious matter. I am growing tired of communicating to a brick wall on a serious issue created by your agency. It is 7+ months overdue for you to investigate the matters surrounding release of unauthorized records by your office. Meanwhile, my family continues to be harmed.

It is apparent Adrienne Norris aka Boundary County Watchman is still in possession of the records that do contain protected medical information. No agent of Boundary County has confirmed her return of said records to date.

Does Boundary County intend on pursuing legal action to claw back the unredacted records that were negligently released by BoundaryCounty?

Has any agent of Boundary County contacted any other agency to request a third party investigation into the matter? I would like to know why you conflicted a claim about me in April 2025 (a claim received from the same actors involved in this matter), but you are refusing to conflict my reporting of a criminal matter?

Additionally, has Adrienne turned over the complete protected record, which discloses further protected content, which should had never been disseminated to the public in the first place?

Does this mean Travis Stolley is the only agent who can provide this requested record for Boundary County Sheriff's office? You or someone else does not hold the ability to locate this record?

May I request a different agent of Boundary County Sheriff's Office other than Travis Stolley himself to search and locate these records?

I am respectfully requesting clarification regarding the titles of all current policies, procedures, and training manuals used by your dispatch personnel. As a member of the public, I do not have prior knowledge of the specific names of these materials, so any guidance or clarification you can provide regarding their titles would be greatly appreciated. It is difficult to ask for a public record that I do not know the name of.

Since we are on the topic of training please also advise me on what training Dispatcher Scott Peterson is required to have and is there any extra training that isn't required, but he has completed during his employment as a dispatcher.

Thank you for your time and assistance.

able to provide. This also means there is no policy manual we are able to provide for organizations we do not belong to. Our dispatch supervisor is not aware of any manual provided to our agency with the FCC registration.

On the 4th one you listed: Answering Point (PSAP) Registry ID #2046 (2025.01.16), we are required to be registered with the FCC, all dispatch centers carry this requirement, this is referring to the number listed on the FCC registration. There is no policy manual with this one either as it is registration, governed by the FCC and those rules/laws are what we would adhere to.

In the event you have any questions or concerns regarding our response to your request, please feel to contact me directly. If our agency is unable to address or resolve your concerns, you may seek redress in district court within 180 days of this mailing as set forth in Idaho Code §74-115. Also, per Idaho Code §74-103, your request was forwarded to our agency civil counsel for review.

Sgt. Reynolds, Sheriff Stolley and Andrakay Pluid,

We are continuously having an issue with the Evoniuk's domestic cats trespassing onto our private property. As you are aware, the Evoniuk's domestic cats have been trespassing and creating a problem for us and my kids dogs in the pasture. To the extent, that my kids 2 hound dogs dug out last month due to the cats provoking outside their securely fenced pasture. After the claims of the Evoniuk's last month, we ended up surrendering my kids 2 dogs to the shelter to eliminate any liability of claims from the Evoniuk's. We have 2 remaining Livestock protection dogs in pasture. The Evoniuk's cats trespassing continues to be an issue for our remaining 2 dogs. Our dogs continue to be provoked on their own private property/fenced pasture as result of the Evoniuk's trespassing cats.
Additionally, the Evoniuk's cats urinate on our property and damage items permanently by doing so. Cat urine does not clean off and the foul smell penetrates permanently, damaging items.

What can be done about the Evoniuk's numerous cats trespassing onto our property continously, creating issues for us?

Due to the nature of escalating issues and danger we have been experiencing with these individuals and the cohorts who work in concert, I would like to document that on 12/2/25, my son and husband took the 2 hound dogs to Better Together Animal alliance in Ponderay to surrender the 2 dogs. While they were present in the building doing the surrender, the Evoniuk's affiliate-Adrienne Norris aka Boundary County Watchman appeared at the same location, same time. It was apparent she did not have an appointment. She just walked in, asked a question and walked out. I have found this concerning for the fact there is sufficient evidence that my family is being stalked by the Evoniuk's and Adrienne Norris aka Boundary County Watchman. Below are just 2 additional concerns:
1.On 11/24/25, Adrienne Norris submitted a PRR. Included in the responsive records, was my email to Greg Reynolds dated 11/17/25, which gave details of our plan to surrender the dogs to Better Together Animal alliance in 2 weeks. (See page 421/486 of PRR responsive doc) Adrienne Norris showed up at Better Together Animal alliance on 12/2/25 during the time of the surrendering of the 2 hound dogs. Potentially as result of knowledge through PRR responsive docs or the suspected use of "stingray tech" tracking device detailed below.

Cpl.Reynolds,

As result of our neighbor's Josh and Mallorie Evoniuk reporting that my child's 2 sweet and timid dogs killed their chicken on 11/13/25, we have been attempting to remove the liability from our lives due to the egregious harassment and claims we have continually been subjected to by the Evoniuk's and their cohort group. The Evoniuk's are now reporting to others (according to Twyla Wall), that the dogs killed a cat. This is news to us, as Jeremy was only made aware of the chicken. Did the Evoniuk's report to you that the dogs killed a cat?

Immediately after learning of this alleged chicken killing incident concerning my child's 2 dogs, I began making public social media posts in attempt to locate homes for the 2 dogs. Immediately, my posts were reported and flagged. My Facebook account was immediately restricted from "group participation". We have made contact with every animal shelter from Bonners Ferry down to Spokane. We have contacted the shelter in Lincoln County, MT. All shelters have informed they are either at capacity or there is a waitlist. Better Together Animal alliance in Ponderay require the dogs to be listed on "Home to Home" website. We immediately did that. Their shelter will do an owner surrender after the dogs have been on the Home to Home website for 2 weeks.

I wanted to make you aware of some history with the Evoniuk's and animals:

In 2021, Mallorie Evoniuk texted telling me we needed to be concerned about a lawsuit due to our dog barking. I informed her our dog barked at wildlife and human/vehicle stimulus. Mallorie contacted the other neighbor, Steve Harris and he began making LE reports of our barking dog. On one known date of complaint to LE, claiming incessant dog barking, Deputy Schuman drove out to the end of our road and listened for a barking dog. He reported he did not hear our barking dog. Another neighbor informed Steve Harris the constant barking dogs was the Evoniuk's, but they were telling everyone in the neighborhood it was ours.

3 years ago, the Evoniuk's cats got into our secure chicken brooder and killed approximately 40 chicks. I contacted Mallorie Evoniuk. She was nasty with me and ultimately told me to screw off and that her cats were part of the ecosystem.

Over the years, the Evoniuk's have told neighbors and community members that we poison their cats and kill their cats. We have not killed any cats or poisoned any cats.

The Evoniuk's have claimed to neighbors that my husband is a bear poacher. In 2022, Mallorie Evoniuk texted me she shot at a bear up a tree with a 9mm and it was then ravaging their property and her husband was not home. She feared for hwr and her kids safety. She sent me photos of canned foods that were stored outside and had been crushed with teeth marks, and a photo of bear paw prints on the side of their camper. Out of safety concern, I offered my husband to help if she needed it. I also suggested she report the bear to Fish and Game. My husband never went to help. Soon after, she began telling the community my husband is a bear poacher.

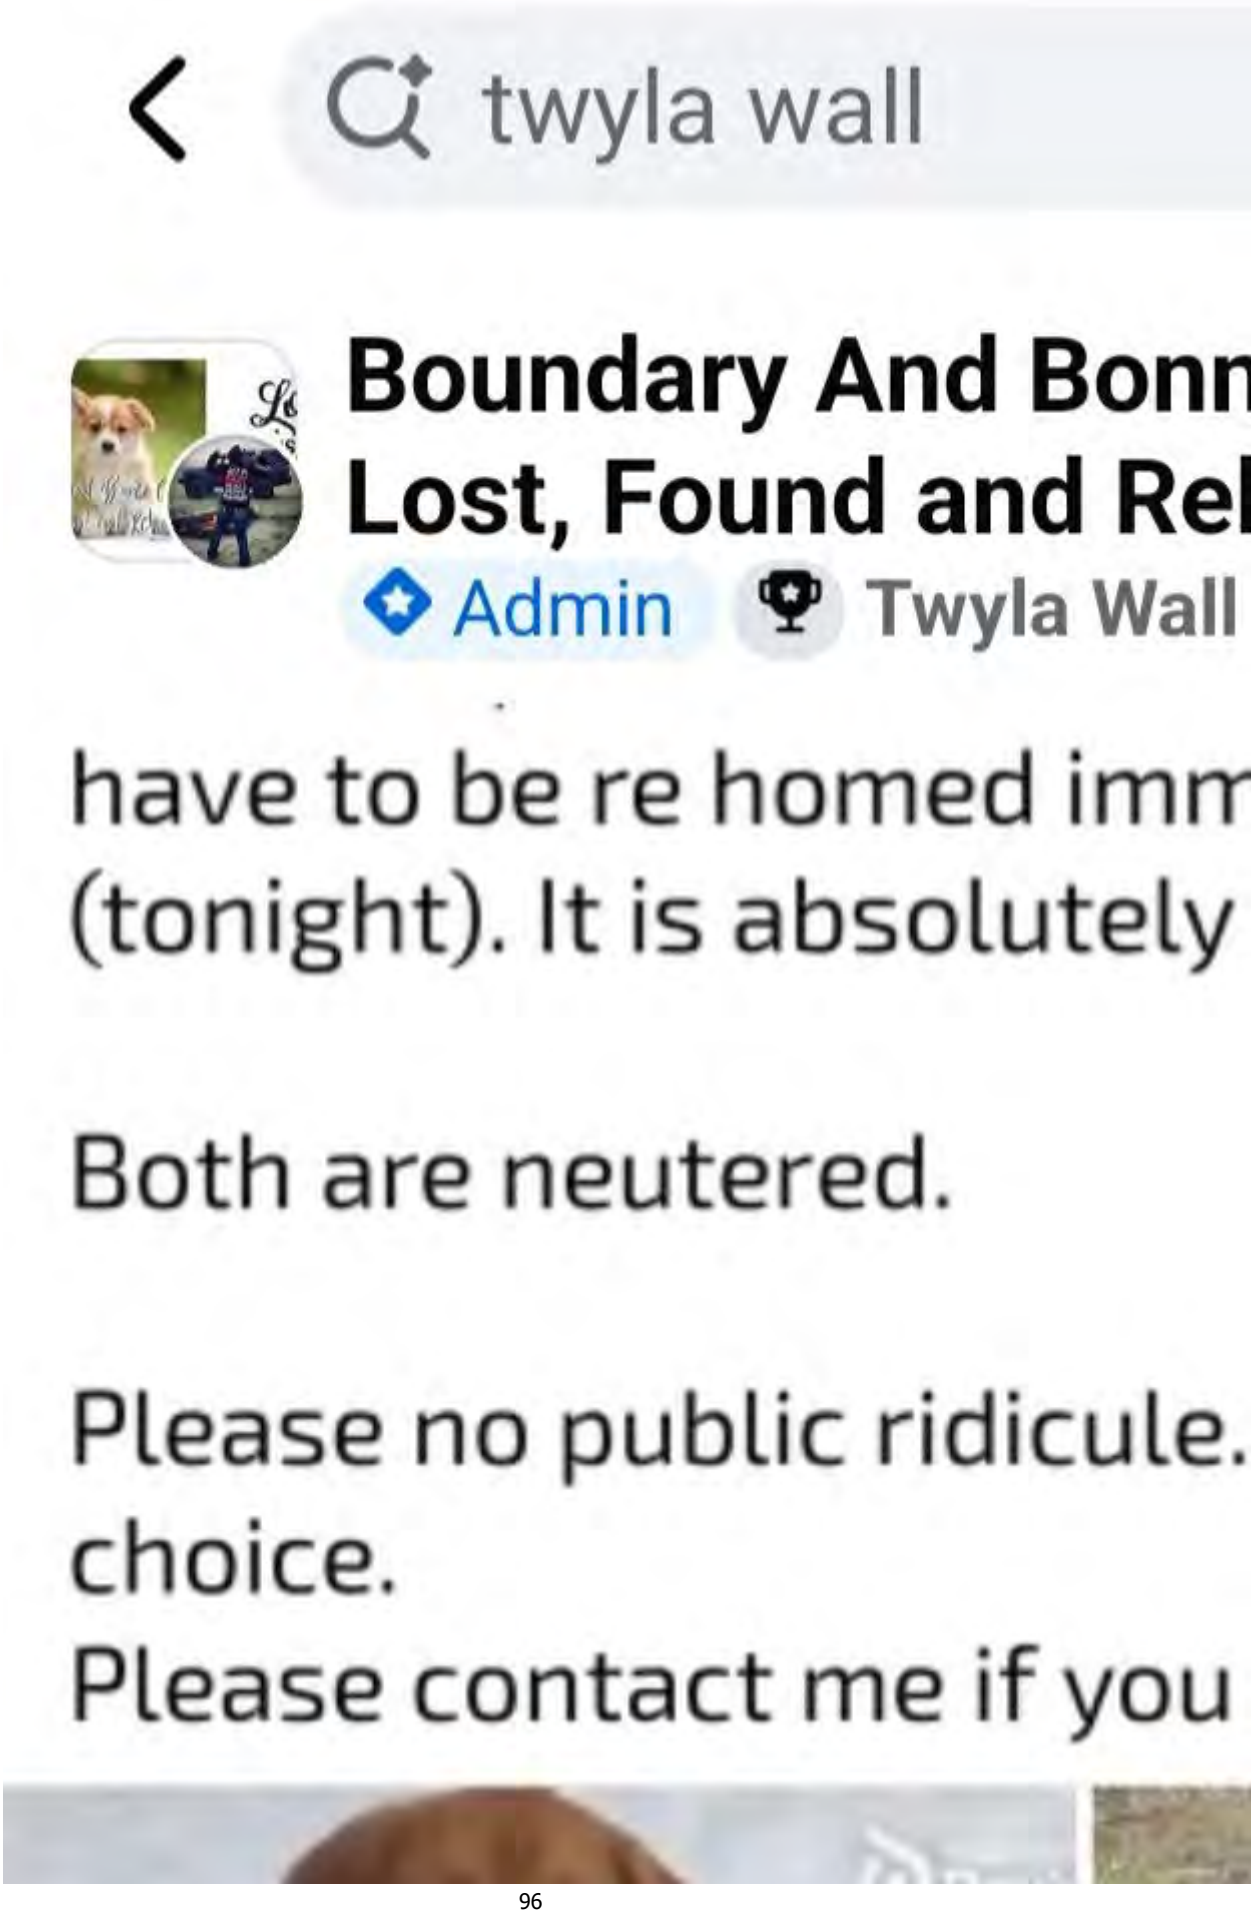

Spring/summer 2024, the Evoniuk's 2 dogs were at our property frequently. One of our dogs (who we no longer have) would get out and run off with the Evoniuk's dogs, always running toward the east side of our property, which parallels with Humboldt drive. I drove down Humboldt drive to recover my dog. Recently, I was made aware that the Evoniuk's made a Law enforcement reports which made claims I trespassed onto their road.

In October 2024, The Evoniuk's 2 dogs visited our property daily for over 2 weeks. During this time it drove our dogs in their fenced pastures nuts, but they all stayed in their pasture. The Evoniuk's 2 dogs killed our chickens, guinea hen and a goose. Regretfully, We did not file a LE report, as it was around the time that I had to appear in Court as result of the Evoniuk's attempt to drag me into their business lawsuit through subpoena abuse of the court system (my subpoena was quashed). My husband told me to let the matter of their dogs killing our livestock go, we didn't need any further fabrications, public harassment and further issues in our lives created by the Evoniuks and their cohort group.

The Evoniuk's cats have roamed our property for years. Recently we have been seeing a large black cat within close area of our dog pasture. Out of the blue our dogs began desiring to leave their fenced/hotwired pasture just last week. A dog with a dead chicken in it's mouth does not indicate my child's dog killed the chicken. We know for certain the Evoniuk's dogs are chicken/livestock killers. I would not put it past the Evoniuk's to give the dog a dead chicken to carry around for a photo opportunity. We previously had free range chickens that were subjected to our dogs. We did not have an issue with our dogs killing chickens.

Which brings me to the next relevant detail. Soon after I posted on Facebook social media, looking for the dogs to be rehomed- Twyla Wall screen shot the post (not shared). I did not see the post until 11/16/25. See below post/comments.

I wrote to Twyla Wall, informing her what she commented has not been our experience with the 2 dogs and that it is questionable in what the neighbors are claiming. She wrote " she received the info from an anonymous person.

It is obvious to us what the Evoniuk's are doing. The fact that the Evoniuk's and their cohort group have been publicly sabotaging my family, while always involving others to engage in the sabotaging is a pattern. In this instance, the involved are engaging in methods to sabotage the ability to rehome my child's 2 dogs, based on untruths.

I would suggest you interview Twyla Wall to determine who the "anonymous person" is, and what the intent of the anonymous person encouraging her to share unverified information about the 2 dogs we are now trying to rehome is. I believe an inquiry into a killed cat is worthwhile.

I realize this matter may seem trivial, concerning the 2 dogs that escaped pasture. I am not refuting the fact that the dogs need to be in pasture. The Evoniuk's provoking cats and dogs that visit our property and pasture also need to be home and fenced in. However, I do want this information documented, as it is a piece of much serious and larger issues surrounding the people involved. Additionally, I am confident this event will be twisted into another public smear campaign, dragging my children and our personal matters into the limelight of "Government transparency" misinformation public campaign to continue to personally damage our family.

Over the years, we have experienced many false claims of the Evoniuk's, which always seem to land on the "Boundary County Watchman" viral media sites. For this reason, I am documenting with the authorities.

PLEASE REPLY AS CONFIRMATION OF RECEIPT OF THIS EMAIL.

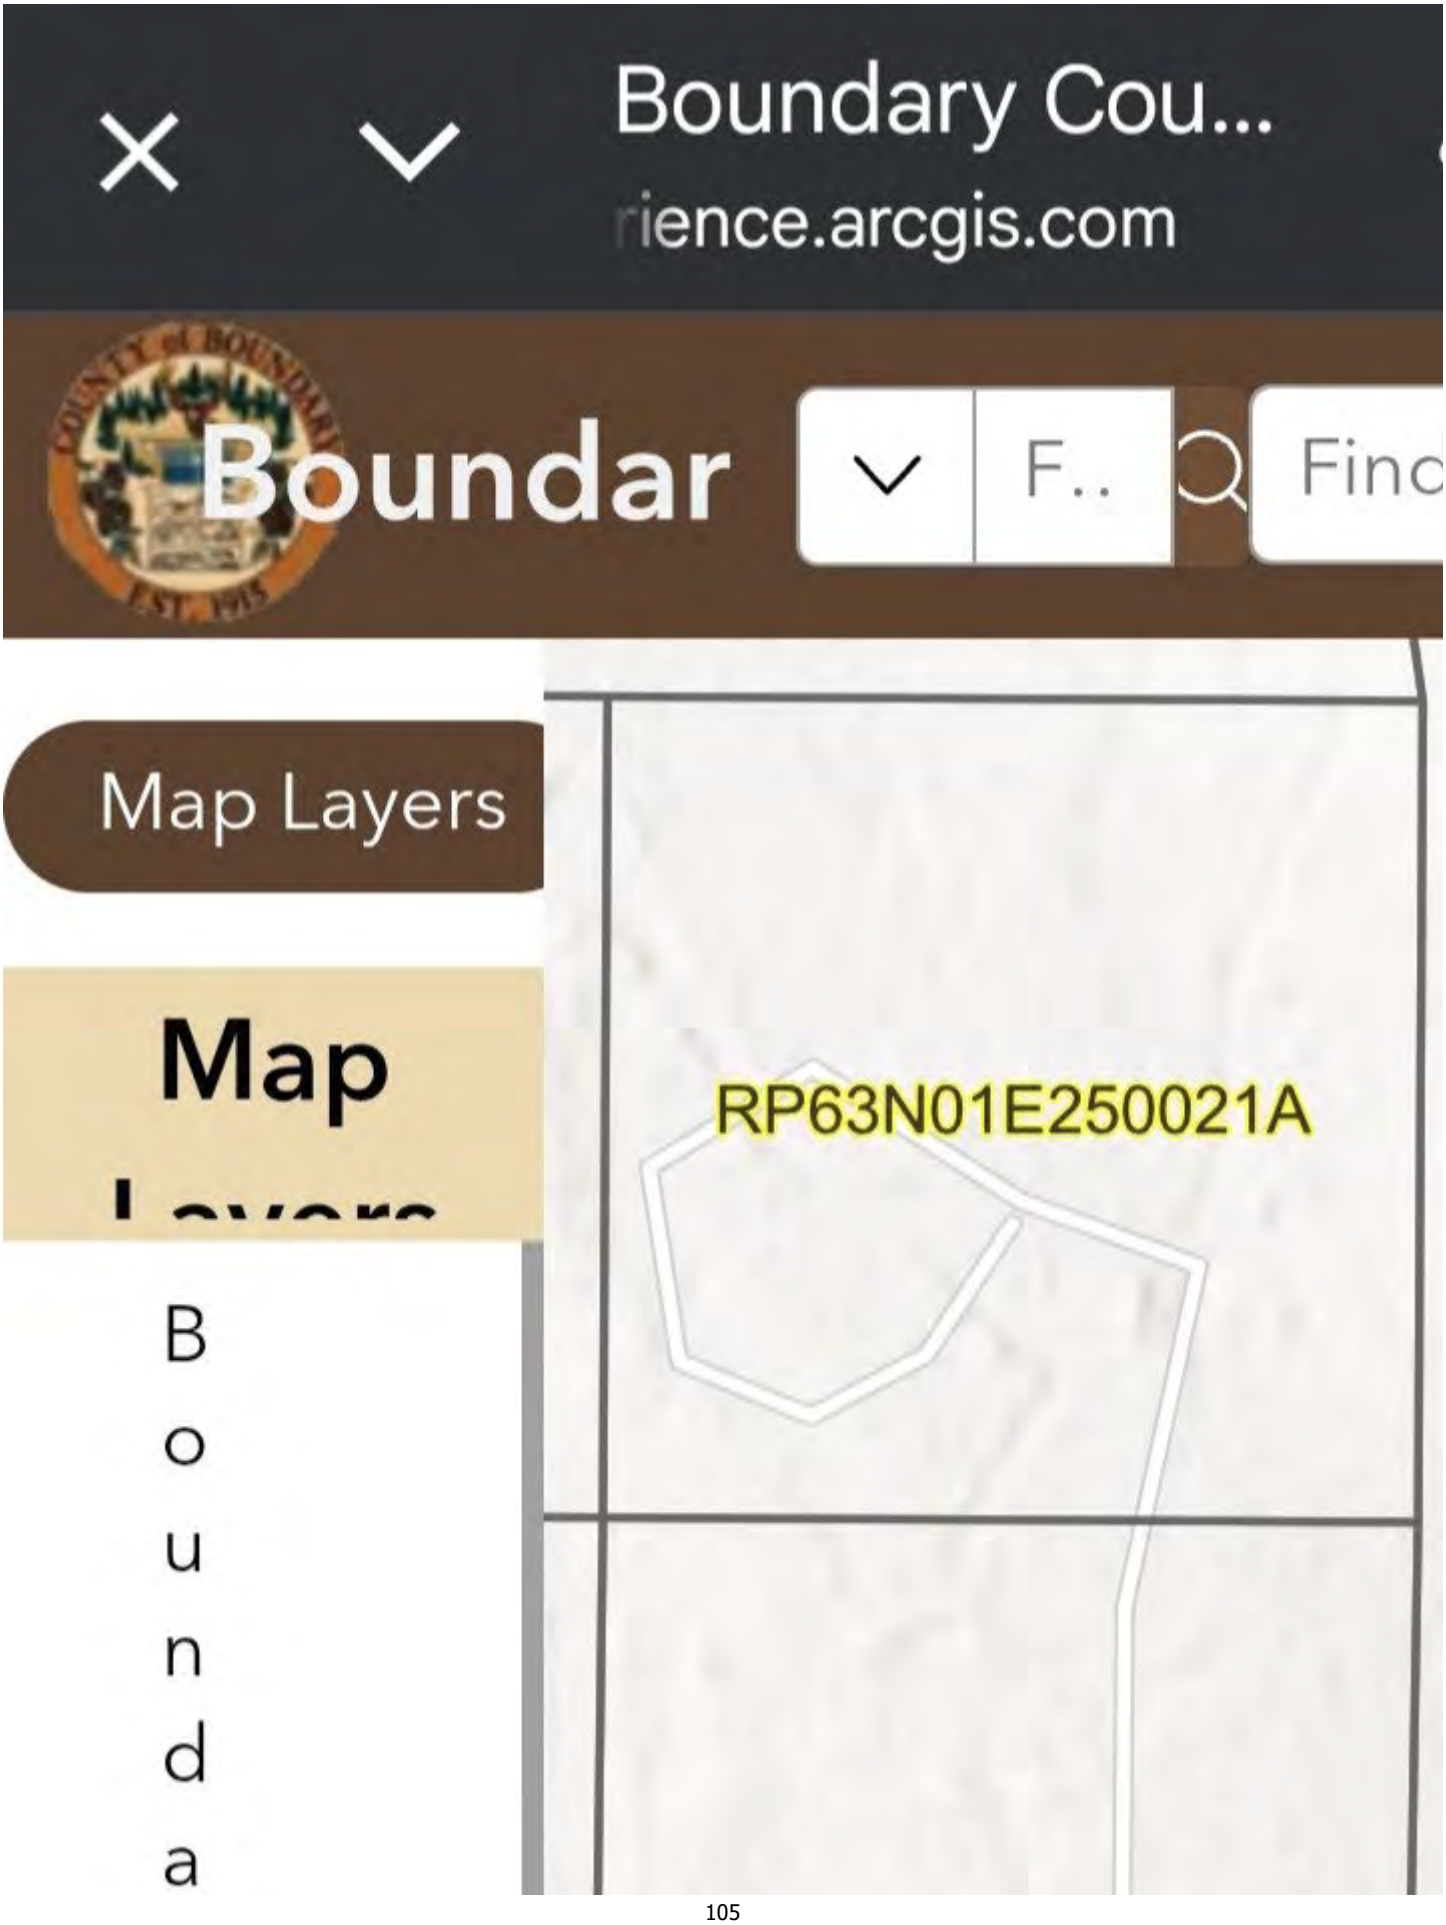

Thank you,

Marie Garrett

Mallorie contacted the other neighbor, Steve Harris and he began making LE reports of our barking dog. On one known date of complaint to LE, claiming incessant dog barking, Deputy Schuman drove out to the end of our road and listened for a barking dog. He reported he did not hear our barking dog. Another neighbor informed Steve Harris the constant barking dogs was the Evoniuk's, but they were telling everyone in the neighborhood it was ours.

3 years ago, the Evoniuk's cats got into our secure chicken brooder and killed approximately 40 chicks. I contacted Mallorie Evoniuk. She was nasty with me and ultimately told me to screw off and that her cats were part of the ecosystem.

Over the years, the Evoniuk's have told neighbors and community members that we poison their cats and kill their cats. We have not killed any cats or poisoned any cats.

The Evoniuk's have claimed to neighbors that my husband is a bear poacher. In 2022, Mallorie Evoniuk texted me she shot at a bear up a tree with a 9mm and it was then ravaging their property and her husband was not home. She feared for hwr and her kids safety. She sent me photos of canned foods that were stored outside and had been crushed with teeth marks, and a photo of bear paw prints on the side of their camper. Out of safety concern, I offered my husband to help if she needed it. I also suggested she report the bear to Fish and Game. My husband never went to help. Soon after, she began telling the community my husband is a bear poacher.

Spring/summer 2024, the Evoniuk's 2 dogs were at our property frequently. One of our dogs (who we no longer have) would get out and run off with the Evoniuk's dogs, always running toward the east side of our property, which parallels with Humboldt drive. I drove down Humboldt drive to recover my dog. Recently, I was made aware

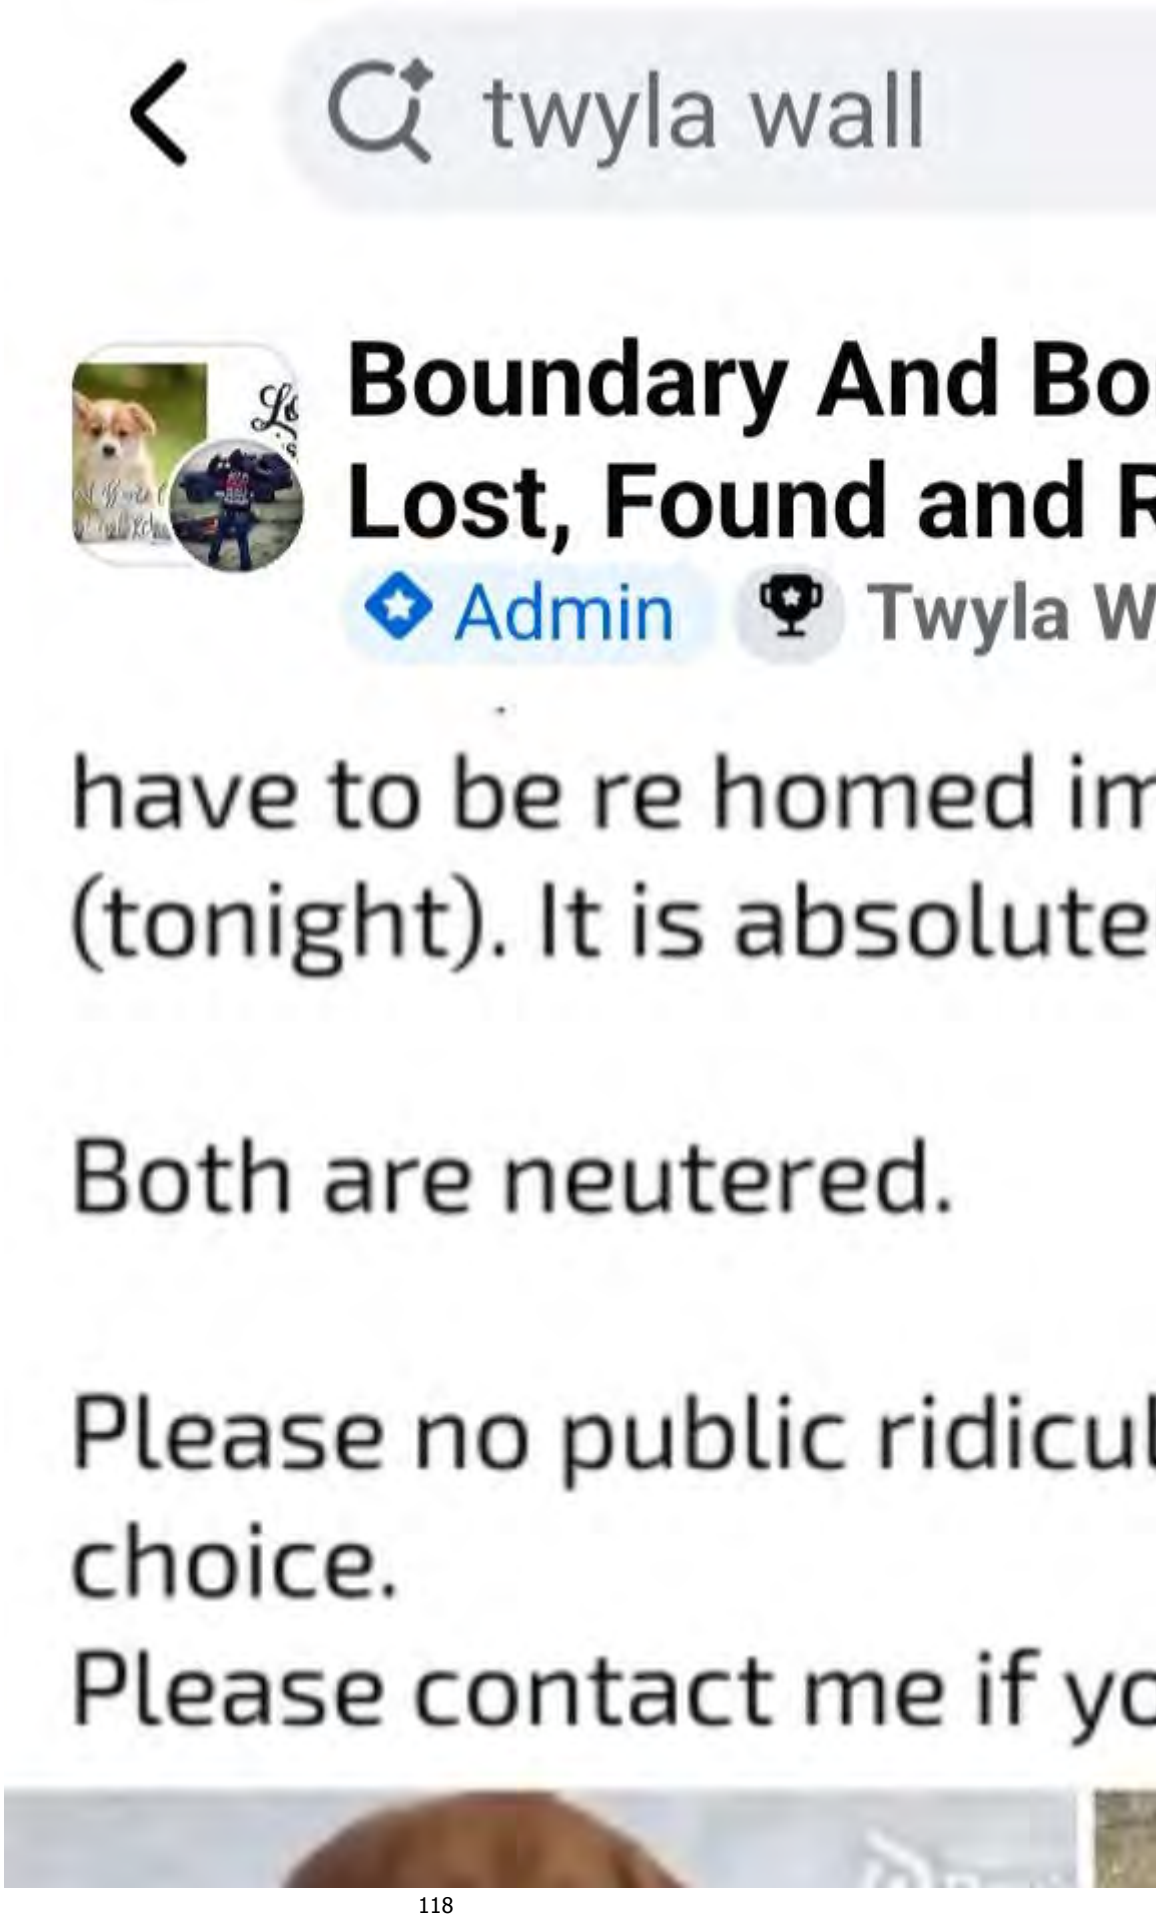

that the Evoniuk's made a Law enforcement reports which made claims I trespassed onto their road.

In October 2024, The Evoniuk's 2 dogs visited our property daily for over 2 weeks. During this time it drove our dogs in their fenced pastures nuts, but they all stayed in their pasture. The Evoniuk's 2 dogs killed our chickens, guinea hen and a goose. Regretfully, We did not file a LE report, as it was around the time that I had to appear in Court as result of the Evoniuk's attempt to drag me into their business lawsuit through subpoena abuse of the court system (my subpoena was quashed). My husband told me to let the matter of their dogs killing our livestock go, we didn't need any further fabrications, public harassment and further issues in our lives created by the Evoniuks and their cohort group.

The Evoniuk's cats have roamed our property for years. Recently we have been seeing a large black cat within close area of our dog pasture. Out of the blue our dogs began desiring to leave their fenced/hotwired pasture just last week. A dog with a dead chicken in it's mouth does not indicate my child's dog killed the chicken. We know for certain the Evoniuk's dogs are chicken/livestock killers. I would not put it past the Evoniuk's to give the dog a dead chicken to carry around for a photo opportunity. We previously had free range chickens that were subjected to our dogs. We did not have an issue with our dogs killing chickens.

Which brings me to the next relevant detail. Soon after I posted on Facebook social media, looking for the dogs to be rehomed- Twyla Wall screen shot the post (not shared). I did not see the post until 11/16/25. See below post/comments.

I wrote to Twyla Wall, informing her what she commented has not been our experience with the 2 dogs and that it is questionable in what the neighbors are claiming. She wrote " she received the info from an anonymous person.

It is obvious to us what the Evoniuk's are doing. The fact that the Evoniuk's and their cohort group have been publicly sabotaging my family, while always involving others to engage in the sabotaging is a pattern. In this instance, the involved are engaging in methods to sabotage the ability to rehome my child's 2 dogs, based on untruths.

I would suggest you interview Twyla Wall to determine who the "anonymous person" is, and what the intent of the anonymous person encouraging her to share unverified information about the 2 dogs we are now trying to rehome is. I believe an inquiry into a killed cat is worthwhile.

I realize this matter may seem trivial, concerning the 2 dogs that escaped pasture. I am not refuting the fact that the dogs need to be in pasture. The Evoniuk's provoking cats and dogs that visit our property and pasture also need to be home and fenced in. However, I do want this information documented, as it is a piece of much serious and larger issues surrounding the people involved. Additionally, I am confident this event will be twisted into another public smear campaign, dragging my children and our personal matters into the limelight of "Government transparency" misinformation public campaign to continue to personally damage our family.

Over the years, we have experienced many false claims of the Evoniuk's, which always seem to land on the "Boundary County Watchman" viral media sites. For this reason, I am documenting with the authorities.

I sent the information as it is a continuation of the complaint you received via email from Mallorie Evoniuk in November 2025 and your agency further investigated per her EMAIL complaint to you. The information I provided 12/14/25 should make it to the case file regarding that matter with a report number. I also request an answer to the question of what can be done about the Evoniuk's trespassing cats creating us a problem? The additional provided information is relevant to the previous case report, but does require further investigation.

I request that I receive the same ability to report matters in the same manner as others are permitted to receive action from your office.

I also request the information I provided you is handled appropriately via an investigation within your agency or a conflict to a different agency, just the same.

We are continuously having an issue with the Evoniuk's domestic cats trespassing onto our private property. As you are aware, the Evoniuk's domestic cats have been trespassing and creating a problem for us and my kids dogs in the pasture. To the extent, that my kids 2 hound dogs dug out last month due to the cats provoking outside their securely fenced pasture. After the claims of the Evoniuk's last month, we ended up surrendering my kids 2 dogs to the shelter to eliminate any liability of claims from the Evoniuk's. We have 2 remaining Livestock protection dogs in pasture. The Evoniuk's cats trespassing continues to be an issue for our remaining 2 dogs. Our dogs continue to be provoked on their own private property/fenced pasture as result of the Evoniuk's trespassing cats.

Additionally, the Evoniuk's cats urinate on our property and damage items permanently by doing so. Cat urine does not clean off and the foul smell penetrates permanently, damaging items.

What can be done about the Evoniuk's numerous cats trespassing onto our property continously, creating issues for us?

Due to the nature of escalating issues and danger we have been experiencing with these individuals and the cohorts who work in concert, I would like to document that on 12/2/25, my son and husband took the 2 hound dogs to Better Together Animal alliance in Ponderay to surrender the 2 dogs. While they were present in the building doing the surrender, the Evoniuk's affiliate-Adrienne Norris aka Boundary County Watchman appeared at the same location, same time. It was apparent she did not have an appointment. She just walked in, asked a question and walked out. I have found this concerning for the fact there is sufficient evidence that my family is being stalked by the Evoniuk's and Adrienne Norris aka Boundary County Watchman. Below are just 2 additional concerns:

1.On 11/24/25, Adrienne Norris submitted a PRR. Included in the responsive records, was my email to Greg Reynolds dated 11/17/25, which gave details of our

plan to surrender the dogs to Better Together Animal alliance in 2 weeks. (See page 421/486 of PRR responsive doc) Adrienne Norris showed up at Better Together Animal alliance on 12/2/25 during the time of the surrendering of the 2 hound dogs. Potentially as result of knowledge through PRR responsive docs or the suspected use of "stingray tech" tracking device detailed below.

I would appreciate the above information documented and a reply to my question of what to do about the Evoniuk's numerous trespassing cats continuing to create issues for us.

Additionally, I feel it may be warranted to conflict an investigation into the potential use of "stingray tech" tracking device and Adrienne Norris' 10/19/24 publicly claimed knowledge of the use of "stingray tech", an invasive tracking device that breaches citizen's privacy and security. It seems this may be a federal crime.

Thank you,

Cpl.Reynolds,

As result of our neighbor's Josh and Mallorie Evoniuk reporting that my child's 2 sweet and timid dogs killed their chicken on 11/13/25, we have been attempting to remove the liability from our lives due to the egregious harassment and claims we have continually been subjected to by the Evoniuk's and their cohort group. The Evoniuk's are now reporting to others (according to Twyla Wall), that the dogs killed a cat. This is news to us, as Jeremy was only made aware of the chicken. Did the Evoniuk's report to you that the dogs killed a cat?

Immediately after learning of this alleged chicken killing incident concerning my child's 2 dogs, I began making public social media posts in attempt to locate homes for the 2 dogs. Immediately, my posts were reported and flagged. My Facebook account was immediately restricted from "group participation". We have made contact with every animal shelter from Bonners Ferry down to Spokane. We have contacted the shelter in Lincoln County, MT. All shelters have informed they are either at capacity or there is a waitlist. Better Together Animal alliance in Ponderay require the dogs to be listed on "Home to Home" website. We immediately did that. Their shelter will do an owner surrender after the dogs have been on the Home to Home website for 2 weeks.

I wanted to make you aware of some history with the Evoniuk's and animals:

In 2021, Mallorie Evoniuk texted telling me we needed to be concerned about a lawsuit due to our dog barking. I informed her our dog barked at wildlife and human/vehicle stimulus. Mallorie contacted the other neighbor, Steve Harris and he began making LE reports of our barking dog. The Evoniuk's have claimed to neighbors that my husband is a bear poacher. In 2022, Mallorie Evoniuk texted me she shot at a bear up a tree with a 9mm and it was then ravaging their property and her husband was not home. She feared for hwr and her kids safety. For quite some time, I have been concerned the Evoniuk's and or Adrienne Norris may be hacking our cell communications transmitter via an IMSI catcher or "stingray tech" tracking device as previously referenced on social media by both Adrienne Norris "Boundary County Watchman " and Mallorie Evoniuk. My child had a "Life360" app installed on his phone. His pinned location has consistently jumped around as "short trips" to the vicinity of the Evoniuk's property while he was at home. I would appreciate the above information documented and a reply to my question of what to do about the Evoniuk's numerous trespassing cats continuing to create issues for us.

Additionally, I feel it may be warranted to conflict an investigation into the potential use of "stingray tech" tracking device and Adrienne Norris' 10/19/24 publicly claimed knowledge of the use of "stingray tech", an invasive tracking device that breaches citizen's privacy and security. It seems this may be a federal crime.

Thank you,

Cpl.Reynolds,

As result of our neighbor's Josh and Mallorie Evoniuk reporting that my child's 2 sweet and timid dogs killed their chicken on 11/13/25, we have been attempting to remove the liability from our lives due to the egregious harassment and claims we have continually been subjected to by the Evoniuk's and their cohort group. The Evoniuk's are now reporting to others (according to Twyla Wall), that the dogs killed a cat. This is news to us, as Jeremy was only made aware of the chicken. Did the Evoniuk's report to you that the dogs killed a cat?

Immediately after learning of this alleged chicken killing incident concerning my child's 2 dogs, I began making public social media posts in attempt to locate homes for the 2 dogs. Immediately, my posts were reported and flagged. My Facebook account was immediately restricted from "group participation". We have made contact with every animal shelter from Bonners Ferry down to Spokane. We have contacted the shelter in Lincoln County, MT. All shelters have informed they are either at capacity or there is a waitlist. Better Together Animal alliance in Ponderay require the dogs to be listed on "Home to Home" website. We immediately did that. Their shelter will do an owner surrender after the dogs have been on the Home to Home website for 2 weeks.

I wanted to make you aware of some history with the Evoniuk's and animals:

In 2021, Mallorie Evoniuk texted telling me we needed to be concerned about a lawsuit due to our dog barking. I informed her our dog barked at wildlife and human/vehicle stimulus. Mallorie contacted the other neighbor, Steve Harris and he began making LE reports of our barking dog. On one known date of complaint to LE, claiming incessant dog barking, Deputy Schuman drove out to the end of our road and listened for a barking dog. He reported he did not hear our barking dog. Another neighbor informed Steve Harris the constant barking dogs was the Evoniuk's, but they were telling everyone in the neighborhood it was ours.

3 years ago, the Evoniuk's cats got into our secure chicken brooder and killed approximately 40 chicks. I contacted Mallorie Evoniuk. She was nasty with me and ultimately told me to screw off and that her cats were part of the ecosystem.

Over the years, the Evoniuk's have told neighbors and community members that we poison their cats and kill their cats. We have not killed any cats or poisoned any cats.

The Evoniuk's have claimed to neighbors that my husband is a bear poacher. In 2022, Mallorie Evoniuk texted me she shot at a bear up a tree with a 9mm and it was then ravaging their property and her husband was not home. She feared for hwr and her kids safety. She sent me photos of canned foods that were stored outside and had been crushed with teeth marks, and a photo of bear paw prints on the side of their camper. Out of safety concern, I offered my husband to help if she needed it. I also suggested she report the bear to Fish and Game. My husband never went to help. Soon after, she began telling the community my husband is a bear poacher.

Spring/summer 2024, the Evoniuk's 2 dogs were at our property frequently. One of our dogs (who we no longer have) would get out and run off with the Evoniuk's dogs, always running toward the east side of our property, which parallels with Humboldt drive. I drove down Humboldt drive to recover my dog. Recently, I was made aware that the Evoniuk's made a Law enforcement reports which made claims I trespassed onto their road.

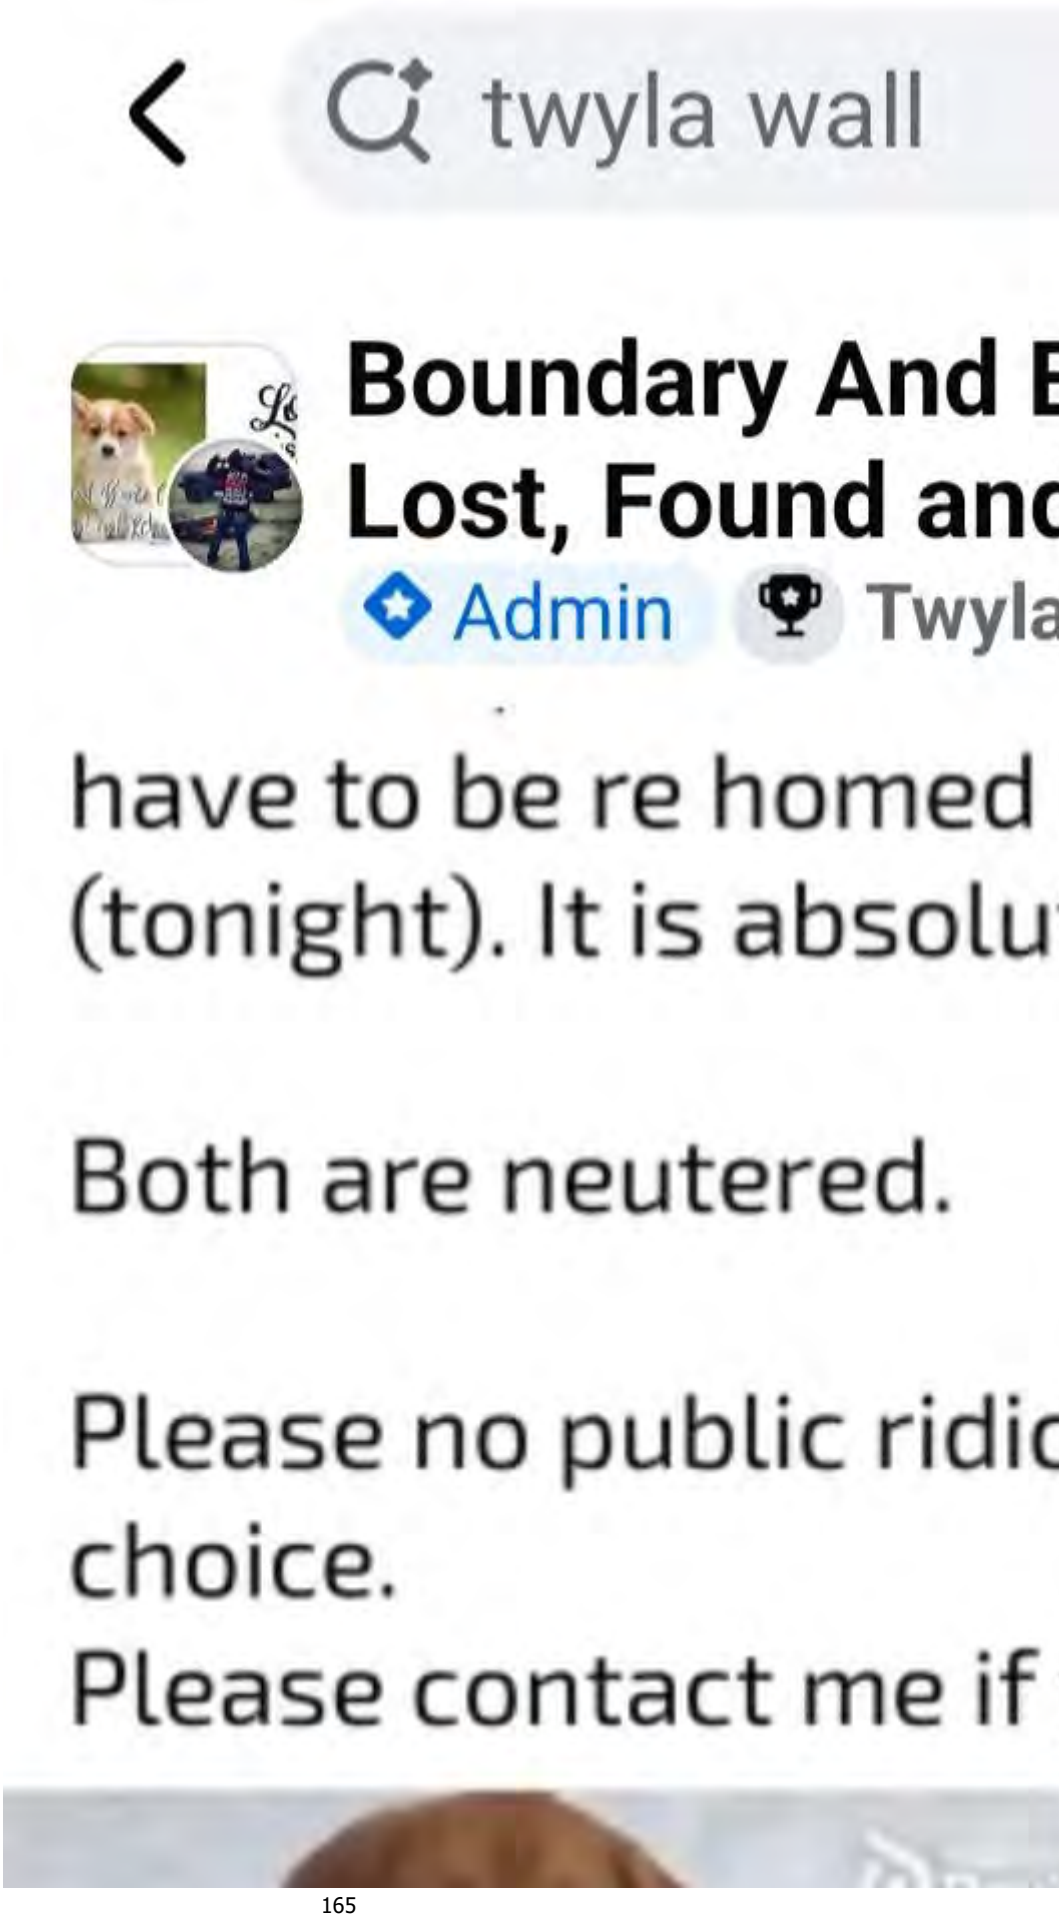

In October 2024, The Evoniuk's 2 dogs visited our property daily for over 2 weeks. During this time it drove our dogs in their fenced pastures nuts, but they all stayed in their pasture. The Evoniuk's 2 dogs killed our chickens, guinea hen and a goose. Regretfully, We did not file a LE report, as it was around the time that I had to appear in Court as result of the Evoniuk's attempt to drag me into their business lawsuit through subpoena abuse of the court system (my subpoena was quashed). My husband told me to let the matter of their dogs killing our livestock go, we didn't need any further fabrications, public harassment and further issues in our lives created by the Evoniuks and their cohort group.

The Evoniuk's cats have roamed our property for years. Recently we have been seeing a large black cat within close area of our dog pasture. Out of the blue our dogs began desiring to leave their fenced/hotwired pasture just last week. A dog with a dead chicken in it's mouth does not indicate my child's dog killed the chicken. We know for certain the Evoniuk's dogs are chicken/livestock killers. I would not put it past the Evoniuk's to give the dog a dead chicken to carry around for a photo opportunity. We previously had free range chickens that were subjected to our dogs. We did not have an issue with our dogs killing chickens.

Which brings me to the next relevant detail. Soon after I posted on Facebook social media, looking for

the dogs to be rehomed- Twyla Wall screen shot the post (not shared). I did not see the post until 11/16/25. See below post/comments.

I wrote to Twyla Wall, informing her what she commented has not been our experience with the 2 dogs and that it is questionable in what the neighbors are claiming. She wrote " she received the info from an anonymous person.

It is obvious to us what the Evoniuk's are doing. The fact that the Evoniuk's and their cohort group have been publicly sabotaging my family, while always involving others to engage in the sabotaging is a pattern. In this instance, the involved are engaging in methods to sabotage the ability to rehome my child's 2 dogs, based on untruths.

I would suggest you interview Twyla Wall to determine who the "anonymous person" is, and what the intent of the anonymous person encouraging her to share unverified information about the 2 dogs we are now trying to rehome is. I believe an inquiry into a killed cat is worthwhile.

I realize this matter may seem trivial, concerning the 2 dogs that escaped pasture. I am not refuting the fact that the dogs need to be in pasture. The Evoniuk's provoking cats and dogs that visit our property and pasture also need to be home and fenced in. However, I do want this information documented, as it is a piece of much serious and larger issues surrounding the people involved. Additionally, I am confident this event will be twisted into another public smear campaign, dragging my children and our personal matters into the limelight of "Government transparency" misinformation public campaign to continue to personally damage our family.

Over the years, we have experienced many false claims of the Evoniuk's, which always seem to land on the "Boundary County Watchman" viral media sites. For this reason, I am documenting with the authorities.

PLEASE REPLY AS CONFIRMATION OF RECEIPT OF THIS EMAIL.

Thank you,

Please explain why you have initiated investigations on me when other citizens have made claims on me solely via email to you. Yet, you are not allowing the same manner of reporting for myself and family when we are experiencing likely crimes committed on us.

You are requiring me to perform a different manner of reporting. This is seemingly discriminatory, retaliatory and preferential. To jog your memory of the emails you received, in which you spurred investigations of me/or immediately conflicted to other agency (ISP) for investigation:

January 2025: Misha Davis (et al aliases) emailed you with a claim that I attempted to hit her with my vehicle outside the Bonners Ferry USPS. Action by you: Immediate Investigation by your agency.
March/April 2025: Misha Davis (et al aliases), Adrienne Norris aka "Boundary County Watchman" and Mallorie Evoniuk emailed you with claims of me committing numerous crimes. Action by you: Immediate referral to Idaho State Police as a conflict investigation.
November 2025: Mallorie/Josh Evoniuk emailed you with claims of my childs animals. Action by you: Immediate Investigation by your agency.

There is a historical pattern of your deliberate refusal to investigate or conflict an investigation regarding any matters that pertain to my reporting of alleged crimes that require an investigation. In fact, you demand that I report in a different manner than which you permit others to do.

There is an issue with this.

I sent the information as it is a continuation of the complaint you received via email from Mallorie Evoniuk in November 2025 and your agency further investigated per her EMAIL complaint to you. The information I provided 12/14/25 should make it to the case file regarding that matter with a report number. I also request an answer to the question of what can be done about the Evoniuk's trespassing cats creating us a problem? The additional provided information is relevant to the previous case report, but does require further investigation.

I request that I receive the same ability to report matters in the same manner as others are permitted to receive action from your office.

I also request the information I provided you is handled appropriately via an investigation within your agency or a conflict to a different agency, just the same.

Sgt. Reynolds, Sheriff Stolley and Andrakay Pluid,

We are continuously having an issue with the Evoniuk's domestic cats trespassing onto our private property. As you are aware, the Evoniuk's domestic cats have been trespassing and creating a problem for us and my kids dogs in the pasture. To the extent, that my kids 2 hound dogs dug out last month due to the cats provoking outside their securely fenced pasture. After the claims of the Evoniuk's last month, we ended up surrendering my kids 2 dogs to the shelter to eliminate any liability of claims from the Evoniuk's. We have 2 remaining Livestock protection dogs in pasture. The Evoniuk's cats trespassing continues to be an issue for our remaining 2 dogs. Our dogs continue to be provoked on their own private property/fenced pasture as result of the Evoniuk's trespassing cats.

Additionally, the Evoniuk's cats urinate on our property and damage items permanently by doing so. Cat urine does not clean off and the foul smell penetrates permanently, damaging items.

What can be done about the Evoniuk's numerous cats trespassing onto our property continously, creating issues for us?

Due to the nature of escalating issues and danger we have been experiencing with these individuals and the cohorts who work in concert, I would like to document that on 12/2/25, my son and husband took the 2 hound dogs to Better Together Animal alliance in Ponderay to surrender the 2 dogs. While they were present in the building doing the surrender, the Evoniuk's affiliate-Adrienne Norris aka Boundary County Watchman appeared at the same location, same time. It was apparent she did not have an appointment. She just walked in, asked a question and walked out. I have found this concerning for the fact there is sufficient evidence that my family is being

stalked by the Evoniuk's and Adrienne Norris aka Boundary County Watchman. Below are just 2 additional concerns:

1.On 11/24/25, Adrienne Norris submitted a PRR. Included in the responsive records, was my email to Greg Reynolds dated 11/17/25, which gave details of our plan to surrender the dogs to Better Together Animal alliance in 2 weeks. (See page 421/486 of PRR responsive doc) Adrienne Norris showed up at Better Together Animal alliance on 12/2/25 during the time of the surrendering of the 2 hound dogs. Potentially as result of knowledge through PRR responsive docs or the suspected use of "stingray tech" tracking device detailed below.

Please explain why you have initiated investigations on me when other citizens have made claims on me solely via email to you. Yet, you are not allowing the same manner of reporting for myself and family when we are experiencing likely crimes committed on us.

You are requiring me to perform a different manner of reporting. This is seemingly discriminatory, retaliatory and preferential. To jog your memory of the emails you received, in which you spurred investigations of me/or immediately conflicted to other agency (ISP) for investigation:

January 2025: Misha Davis (et al aliases) emailed you with a claim that I attempted to hit her with my vehicle outside the Bonners Ferry USPS. Action by you: Immediate Investigation by your agency.
March/April 2025: Misha Davis (et al aliases), Adrienne Norris aka "Boundary County Watchman" and Mallorie Evoniuk emailed you with claims of me committing numerous crimes. Action by you: Immediate referral to Idaho State Police as a conflict investigation.
November 2025: Mallorie/Josh Evoniuk emailed you with claims of my childs animals. Action by you: Immediate Investigation by your agency.

There is a historical pattern of your deliberate refusal to investigate or conflict an investigation regarding any matters that pertain to my reporting of alleged crimes that require an investigation. In fact, you demand that I report in a different manner than which you permit others to do.

There is an issue with this.

I sent the information as it is a continuation of the complaint you received via email from Mallorie Evoniuk in November 2025 and your agency further investigated per her EMAIL complaint to you. The information I provided 12/14/25 should make it to the case file regarding that matter with a report number. I also request an answer to the question of what can be done about the Evoniuk's trespassing cats creating us a problem? The additional provided information is relevant to the previous case report, but does require further investigation.

I request that I receive the same ability to report matters in the same manner as others are permitted to receive action from your office.

I also request the information I provided you is handled appropriately via an investigation within your agency or a conflict to a different agency, just the same.

Sgt. Reynolds, Sheriff Stolley and Andrakay Pluid,

We are continuously having an issue with the Evoniuk's domestic cats trespassing onto our private property. As you are aware, the Evoniuk's domestic cats have been trespassing and creating a problem for us and my kids dogs in the pasture. To the extent, that my kids 2 hound dogs dug out last month due to the cats provoking outside their securely fenced pasture. After the claims of the Evoniuk's last month, we ended up surrendering my kids 2 dogs to the shelter to eliminate any liability of claims from the Evoniuk's. We have 2 remaining Livestock protection dogs in pasture. The Evoniuk's cats trespassing continues to be an issue for our remaining 2 dogs. Our dogs continue to be provoked on their own private property/fenced pasture as result of the Evoniuk's trespassing cats.

Additionally, the Evoniuk's cats urinate on our property and damage items permanently by doing so. Cat urine does not clean off and the foul smell penetrates permanently, damaging items.

What can be done about the Evoniuk's numerous cats trespassing onto our property continously, creating issues for us?

Due to the nature of escalating issues and danger we have been experiencing with these individuals and the cohorts who work in concert, I would like to document that on 12/2/25, my son and husband took the 2 hound dogs to Better Together Animal alliance in Ponderay to surrender the 2 dogs. While they were present in the building doing the surrender, the Evoniuk's affiliate-Adrienne Norris aka Boundary County Watchman appeared at the same location, same time. It was apparent she did not have an appointment. She just walked in, asked a question and walked out. I have found this concerning for the fact there is sufficient evidence that my family is being

stalked by the Evoniuk's and Adrienne Norris aka Boundary County Watchman. Below are just 2 additional concerns:

1.On 11/24/25, Adrienne Norris submitted a PRR. Included in the responsive records, was my email to Greg Reynolds dated 11/17/25, which gave details of our plan to surrender the dogs to Better Together Animal alliance in 2 weeks. (See page 421/486 of PRR responsive doc) Adrienne Norris showed up at Better Together Animal alliance on 12/2/25 during the time of the surrendering of the 2 hound dogs. Potentially as result of knowledge through PRR responsive docs or the suspected use of "stingray tech" tracking device detailed below.

I would appreciate the above information documented and a reply to my question of what to do about the Evoniuk's numerous trespassing cats continuing to create issues for us.

Additionally, I feel it may be warranted to conflict an investigation into the potential use of "stingray tech" tracking device and Adrienne Norris' 10/19/24 publicly claimed knowledge of the use of "stingray tech", an invasive tracking device that breaches citizen's privacy and security. It seems this may be a federal crime.

Cpl.Reynolds,

As result of our neighbor's Josh and Mallorie Evoniuk reporting that my child's 2 sweet and timid dogs killed their chicken on 11/13/25, we have been attempting to remove the liability from our lives due to the egregious harassment and claims we have continually been subjected to by the Evoniuk's and their cohort group. The Evoniuk's are now reporting to others (according to Twyla Wall), that the dogs killed a cat. This is news to us, as Jeremy was only made aware of the chicken. Did the Evoniuk's report to you that the dogs killed a cat?

Immediately after learning of this alleged chicken killing incident concerning my child's 2 dogs, I began making public social media posts in attempt to locate homes for the 2 dogs. Immediately, my posts were reported and flagged.

My Facebook account was immediately restricted from "group participation". We have made contact with every animal shelter from Bonners Ferry down to Spokane. We have contacted the shelter in Lincoln County, MT. All shelters have informed they are either at capacity or there is a waitlist. Better Together Animal alliance in Ponderay require the dogs to be listed on "Home to Home" website. We immediately did that. Their shelter will do an owner surrender after the dogs have been on the Home to Home website for 2 weeks.

I wanted to make you aware of some history with the Evoniuk's and animals:

In 2021, Mallorie Evoniuk texted telling me we needed to be concerned about a lawsuit due to our dog barking. I informed her our dog barked at wildlife and human/vehicle stimulus. Mallorie contacted the other neighbor, Steve Harris and he began making LE reports of our barking dog. On one known date of complaint to LE, claiming incessant dog barking, Deputy Schuman drove out to the end of our road and listened for a barking dog. He reported he did not hear our barking dog. Another neighbor

informed Steve Harris the constant barking dogs was the Evoniuk's, but they were telling everyone in the neighborhood it was ours.

3 years ago, the Evoniuk's cats got into our secure chicken brooder and killed approximately 40 chicks. I contacted Mallorie Evoniuk. She was nasty with me and ultimately told me to screw off and that her cats were part of the ecosystem.

Over the years, the Evoniuk's have told neighbors and community members that we poison their cats and kill their cats. We have not killed any cats or poisoned any cats.

The Evoniuk's have claimed to neighbors that my husband is a bear poacher. In 2022, Mallorie Evoniuk texted me she shot at a bear up a tree with a 9mm and it was then ravaging their property and her husband was not home. She feared for hwr and her kids safety. She sent me photos of canned foods that were stored outside and had been crushed with teeth marks, and a photo of bear paw prints on the side of their camper. Out of safety concern, I offered my husband to help if she needed it. I also suggested she report the bear to Fish and Game. My husband never went to

help. Soon after, she began telling the community my husband is a bear poacher.

Spring/summer 2024, the Evoniuk's 2 dogs were at our property frequently. One of our dogs (who we no longer have) would get out and run off with the Evoniuk's dogs, always running toward the east side of our property, which parallels with Humboldt drive. I drove down Humboldt drive to recover my dog. Recently, I was made aware that the Evoniuk's made a Law enforcement reports which made claims I trespassed onto their road.

In October 2024, The Evoniuk's 2 dogs visited our property daily for over 2 weeks. During this time it drove our dogs in their fenced pastures nuts, but they all stayed in their pasture. The Evoniuk's 2 dogs killed our chickens, guinea hen and a goose. Regretfully, We did not file a LE report, as it was around the time that I had to appear in Court as result of the Evoniuk's attempt to drag me into their business lawsuit through subpoena abuse of the court system (my subpoena was quashed). My husband told me to let the matter of their dogs killing our livestock go, we didn't need any further fabrications,

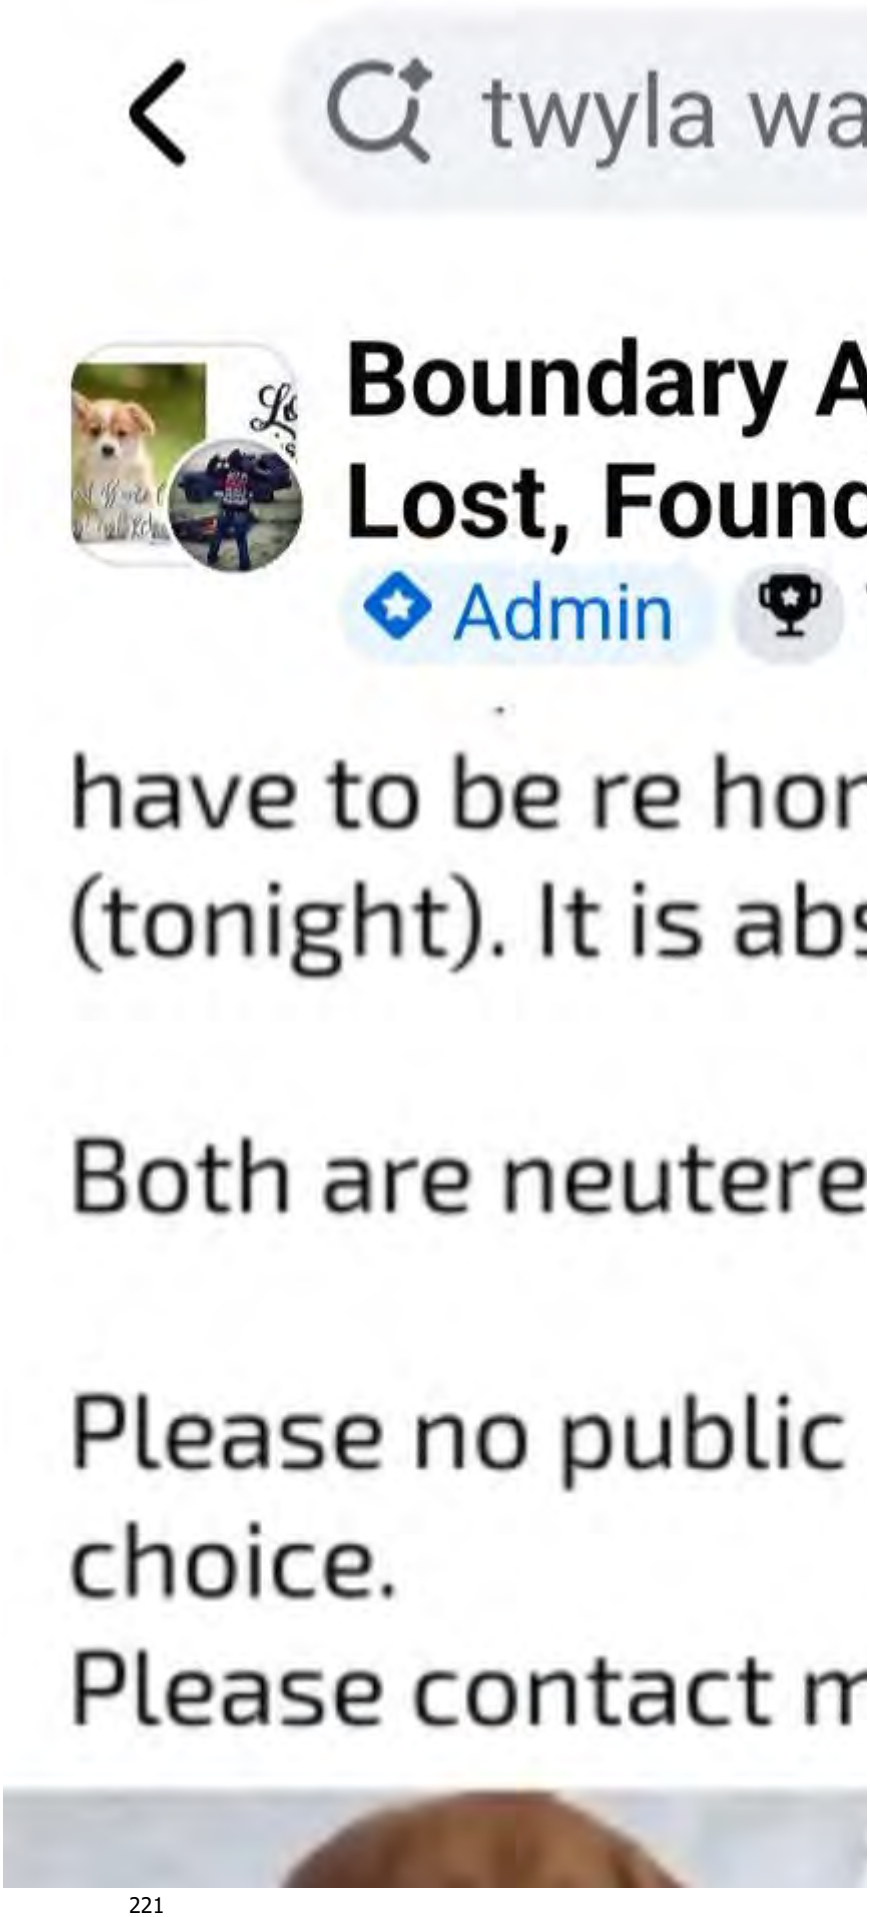

public harassment and further issues in our lives created by the Evoniuks and their cohort group.

The Evoniuk's cats have roamed our property for years. Recently we have been seeing a large black cat within close area of our dog pasture. Out of the blue our dogs began desiring to leave their fenced/hotwired pasture just last week. A dog with a dead chicken in it's mouth does not indicate my child's dog killed the chicken. We know for certain the Evoniuk's dogs are chicken/livestock killers. I would not put it past the Evoniuk's to give the dog a dead chicken to carry around for a photo opportunity. We previously had free range chickens that were subjected to our dogs. We did not have an issue with our dogs killing chickens.

Which brings me to the next relevant detail. Soon after I posted on Facebook social media, looking for the dogs to be rehomed- Twyla Wall screen shot the post (not shared). I did not see the post until 11/16/25. See below post/comments.

I wrote to Twyla Wall, informing her what she

commented has not been our experience with the 2 dogs and that it is questionable in what the neighbors are claiming. She wrote " she received the info from an anonymous person.

It is obvious to us what the Evoniuk's are doing. The fact that the Evoniuk's and their cohort group have been publicly sabotaging my family, while always involving others to engage in the sabotaging is a pattern. In this instance, the involved are engaging in methods to sabotage the ability to rehome my child's 2 dogs, based on untruths.

I would suggest you interview Twyla Wall to determine who the "anonymous person" is, and what the intent of the anonymous person encouraging her to share unverified information about the 2 dogs we are now trying to rehome is. I believe an inquiry into a killed cat is worthwhile.

I realize this matter may seem trivial, concerning the 2 dogs that escaped pasture. I am not refuting the fact that the dogs need to be in pasture. The Evoniuk's provoking cats and dogs that visit our property and pasture also need to be home and fenced in. However, I do want this information documented, as it is a piece of much serious and larger issues surrounding the people involved. Additionally, I

am confident this event will be twisted into another public smear campaign, dragging my children and our personal matters into the limelight of "Government transparency" misinformation public campaign to continue to personally damage our family.

Over the years, we have experienced many false claims of the Evoniuk's, which always seem to land on the "Boundary County Watchman" viral media sites. For this reason, I am documenting with the authorities.

Please explain why you have initiated investigations on me when other citizens have made claims on me solely via email to you. Yet, you are not allowing the same manner of reporting for myself and family when we are experiencing likely crimes committed on us. July 2025, I called dispatch to make a report. To date, there is no evidence of the responding Deputy (then Cpl.) performing the task of appropriately doing his job.

You are requiring me to perform a different manner of reporting via dispatch only. This is seemingly discriminatory, retaliatory and preferential. To jog your memory of the emails you received, in which you spurred investigations of me/or immediately conflicted to other agency (ISP) for investigation:

January 2025: Misha Davis (et al aliases) emailed you with a claim that I attempted to hit her with my vehicle outside the Bonners Ferry USPS. Action by you: Immediate Investigation by your agency.

I would appreciate the above information documented and a reply to my question of what to do about the Evoniuk's numerous trespassing cats continuing to create issues for us.

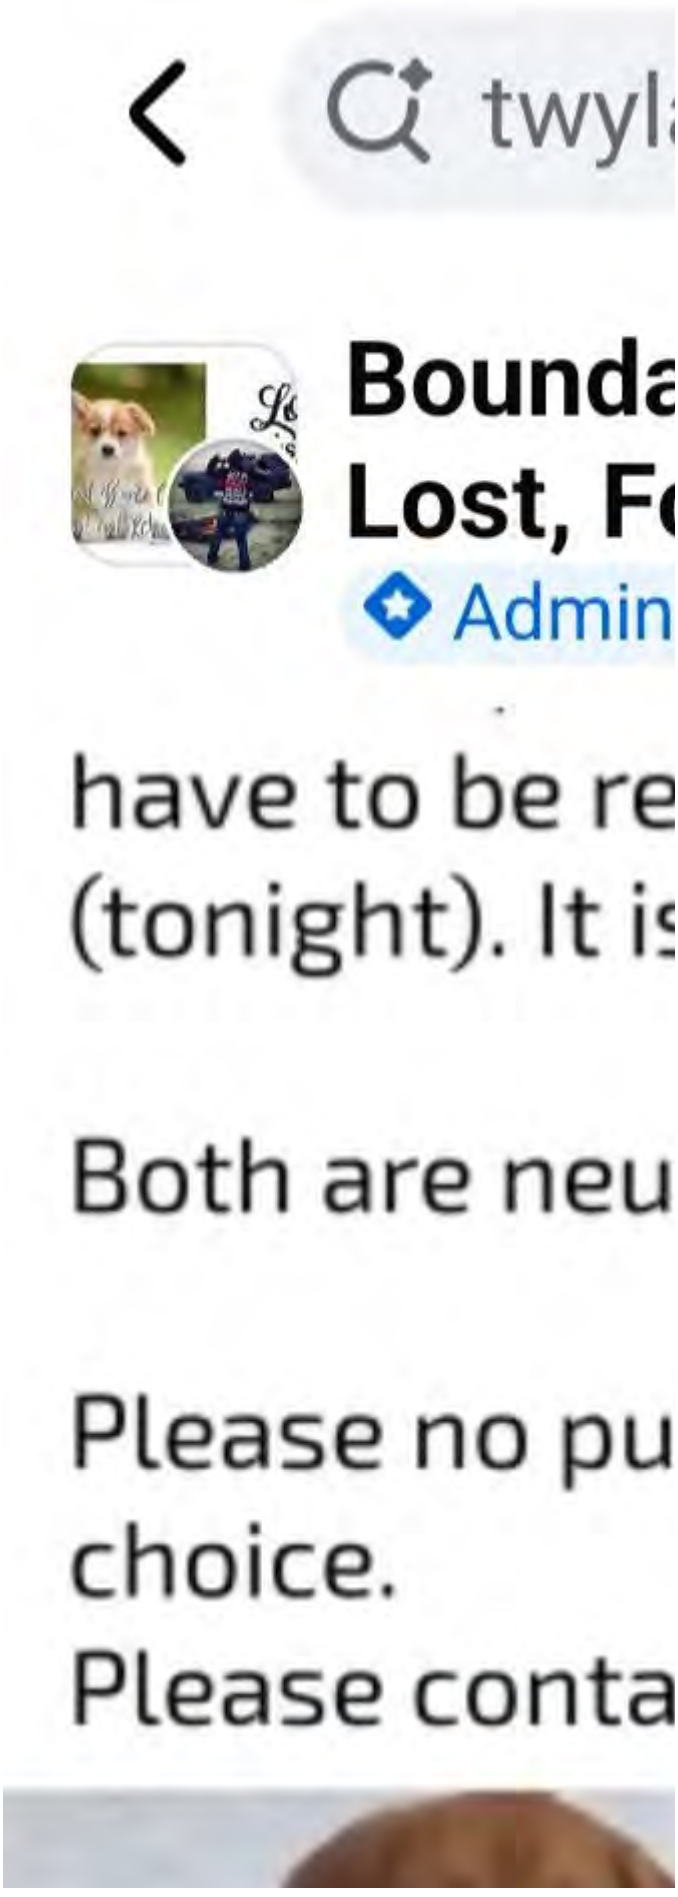

Additionally, I feel it may be warranted to conflict an investigation into the potential use of "stingray tech" tracking device and Adrienne Norris' 10/19/24 publicly claimed knowledge of the use of "stingray tech", an invasive tracking device that breaches citizen's privacy and security. It seems this may be a federal crime.

Thank you,

Marie Garrett

I am following up on the 8+ months of inquiries of my inquiries into action of the Boundary County Sheriff's Office regarding the release of unredacted Boundary County Sheriff's Office records containing protected information and identifying information of my juvenile children. I am in receipt of responsive records to my requests, which reveal no course of investigation and lawful action has been made by your agency to rescind the use of unauthorized records in possession of Adrienne Norris aka Boundary County Watchman and Misha Davis et al aliases. In fact, Misha Davis et al aliases has to date not been contacted by your agency to demand return of the unauthorized records of my children, despite you are aware of her possession of the unauthorized records. To date, Adrienne Norris aka Boundary County Watchman continues to publicly share the unauthorized juvenile content, while it is mingled in with content which has incited death threats and violence directed to my family. As you are aware, the unauthorized content identifying my children mingled in with the content of inciting death threats/violence to date has been viewed 1,381 times.

I want to update you that the publicly accessible link you provided me on 11/10/25 with identifying information of juvenile is still being shared publicly by Adrienne Norris aka Boundary County Watchman and is continuing to harm and place my family and children in danger.

In the link you provided to me, which Adrienne references that she has retained....at the 4:26 and 4:28 mark, my juvenile children's names were unredacted. Please review.

Additionally, has Adrienne turned over the complete protected record, which discloses further protected content, which should had never been disseminated to the public in the first place?

Dear Sgt. Reynolds of Boundary County Sheriff's Office,

It has now been 21 days since your last email to me(12/3/25) stating:

"Your concern is being addressed at this time and I'll let you know when I have more information."

To date, I have received no communication from you or any agent of the Boundary County Sheriff's Office regarding this matter. In fact, my original email was sent to you 145 days ago (8/1/25). Still, 145 days later and this issue is unaddressed by you and your agency.

I would apreciate a reply with an update. I thank you in advance for your time and consideration in this matter.

I hope you have a Merry Christmas!

Thanks,
Marie Garrett

Sgt. Reynolds of Boundary County Sheriff's Office,

As of today, 12/3/25, I have yet again confirmed the information I provided to you on 8/1/25 has not been added as a supplemental to event #22732. No supplemental information has been added to the event subsequent the original event date of 7/29/22.

As you are aware, this event has been used by Adrienne Norris aka Boundary County Watchman and Mallorie Evoniuk (neighbor) to harass myself and family publicly. It is imperative that you add the information I provided you on 8/1/25 as a supplemental to event #22732. I was never contacted 7/29/22 when the claims of me were made to BCSO.

Please reply to this email to confirm receipt, and advise when the 8/1/25 provided supplemental information is added to event #22732.
