Subject: Public record request

This is a public record request for the following:

Any/all record of communications pertaining to the “once deleted” then “not deleted” 7/2025 text message of T of the text (7/22/25) was a highly and unauthenticated text message I received from Boundary Sheriff. After my d inappropriately redacted and was subject to more info disclosed, I re-requested the record and was informed th Carey, Boundary Sheriff record custodian also informed me she had received the original text message already r

In March 2026,after notifying Boundary Prosecutor of the deletion of record prior to the retention schedule, I reced the record. (Appears to possibly be an AI generated version). I have been denied the ability to receive the text me to view the text message in person. The denial of verifying the authenticity of the text message record is an issue Stolley and *allegedly* former employee (Mike Valenzuela or Dale Anderson?) text message.

I am an Idaho resident.

Please provide records via email delivery.

I am requesting the unredacted version of the document. Is that a record that can be obtained through public records request?
