Hello,

I'd like to request copies of eight recorded documents. I have the exact book and page for each, so I hope this is a simple pull:

Records of Boundary County, Idaho Book 4, pages 349 through 356 (eight consecutive pages). These are the location certificates for the Boulder mining claims No. 1 through No. 8, in the Yaak Mining District, recorded in or around 1920–1921.

If the certificates state a section, township and range, that detail is of particular interest. I have two conflicting records and I'm hoping these will settle it.

Could you let me know:

1. The per page copy fee and any search or certification fee
2. Whether you can send scans by email, or whether these need to be mailed
3. How you'd like payment

Uncertified copies are fine — these are for family history and research purposes, not for any legal filing.

If it's helpful, my source for the citation is a forfeiture notice published in the Bonners Ferry Herald beginning September 29, 1921, which lists each claim with its recording book and page.

Thank you for your time.
