Subject: REQUEST FOR REDACTION AND INTERNAL INVESTIGATION!

May 24h, 2024

Dear Sheriff Kramer,

I hope this message finds you well. I am writing to formally request the redaction of my name from a false 911 call record and the associated investigation files.

On April 8th, 2024, a 911 call was made that falsely implicated me by your 911 dispatch officer, Melissa Krejci, who made several hostile personal statements towards me as if to be narrating the call on behalf of the caller. Subsequently this false 911 call incident led to an investigation. It has now become evident that the information provided in that call was incorrect and has caused significant harm to my personal and professional reputation after triggering the repeated stalking and harassment of local law enforcement in which you've been made abreast about for several years.

Online slander presumably propagated by the likes of former Officer Dave Schuman, former Officer Bobby Goad, and Boundary County Court official Glenda Poston, dating back to 2018 in an attempt to aid the overthrowing of a Supreme Court trial out of Texas. As if attempting to aid DPD in 2013-2014 regarding Kyle Coward weren't enough - praise Jesus Det. Lopez solved that crime and the corruption within DPD on that one.

It's also presumed that these attempts to character assassinate me over the years, have deep rooted self-seeking motives attached in which if successful in destroying my character and reputation would only further the advancement in permanently concealing the many crimes and gross negligence I endured as a child – crimes that occurred against me leading up to, and soon after, the Ruby Ridge Standoff.

In short – crimes I have reported in-person and via email to you directly, to Texas State Police and Detectives, Kootenai County P.D., and to the FEDS, ranging from but not limited to:

- Officer Mike Naumann robbing one Al Smith of well over 20 firearms and a safe on or about the winter months leading up to the Randy Weaver Standoff (AUG 1992).
- Illegally and unethically detaining a minor child, holding in an undisclosed location, without any parental consent or proper notification to any legal guardian. An illegal holding by former officer Rick Alonzo, former officer Rob Brandiff, former officer Mike Naumann, and former officer Brian Navarro in which a child would be systematically interrogated, gaslit, tortured and threatened to comply with the antics of local law enforcement or their family would be framed for crimes they did not commit.

Additional crimes I've reported in which your office has swept under the rug with the aid of Jack Douglas and Andrakay Pluid include, but not limited to:

- Surrendering Jasper Naumann's personal cell in which clearly showed his continued drug dealing operations – at which point Travis Stolley handed it back expressing he did not want it. Forcing me to have to bring the matter to the attention of Judge Julian during a divorce proceeding (DEC2020) at which point the Honorable Judge ordered me to give it to the police, again. Following the proceeding one Det. Mak would retain Jasper's cell phone and tell me to 'get out of town' due to 'disrupting operations' up here.
- I also alerted you (and ATF) of the illegal firearm purchased by one Jasper Naumann in which I provided you accurate information regarding the manufacturer/seller (Bill Titus) of these unmarked firearms which are being sold to the likes of Jasper Naumann who legally have their firearms rights banned by the FEDS due to criminal charges such as international drug carteling across the U.S./Canadian Border.
- I've repeatedly expressed that local law enforcement is stalking and harassing me – going as far as stealing my retriever, threatening my wellbeing all while telling me to get out of town.
- Former Officer Bobby Goad unwarranted pulling over (OCT2020) where he ran from his patrol car screaming profanity at me only to attempt aggressively opening my driver door grabbing hold of the glass attempting to shatter as he was unable to reach in to grab hold of me. At which point I rightfully feared for my safety requesting back-up on the call – former officer Dave Schumann and Det. Mak would arrive on the scene at which point I would be given an unwarranted ticket that would later be dropped due to no proof or cause for the ticket in the first place.
- Reported domestic violence to you in which Jasper Naumann would put me in the hospital with a concussion – again, former officer Dave Schuman was on the scene both at the home and the hospital, yet Andrakay claims that due to it being an election year the case fell through the cracks only to review it after the statute of limitation had ran out.
- One Chris Mesenbrink attempted to use the online slander in which your P.D. is alleged to have propagated in his attempt to frame me for his cooked books to avoid paying EPA court ordered fines. Same Chris Mesenbrink who is reported to have been an accomplice to Dr. Moore in moving several firearms during a murder investigation. Same Chris Mesenbrink I met at my uncle's funeral via one officer Dave Schuman and Mik, the corner who told me to go work for Chris.

As you know, after years of childhood trauma at the hands of police and the blatant folly of our justice system – especially in recent years at the hands of Boundary County Police – one can only assume based on the amount of information I know about the unethical practices of local police – that I am a targeted individual.

Given the false nature of the allegations in the 911 call and online slander being propagated by your department (County and City P.D.), and the impact it has had on my life, I respectfully request the following actions:

- **Redaction of my name and any identifying information from the 911 call record.**
- **Redaction of my name and any identifying information from all related investigation files and reports.**
- **A written confirmation once the redaction has been completed.**

Based on everything I have experienced with local police I am on edge as this 911 call appears to be a classic attempt to swat an innocent individual for failure to leave town.

Ironically prior to the 911 call earlier in the day I met with my former nephew Scottie Davis whom I shared the Hoover Report with (CPA Audit Review for SHC) and expressed concerns that Ben Apo and Brooke Blagroove were attempting to set me up as their scapegoat on what I discerned to be potential embezzlement at the Senior Center. I equally expressed this concern with you prior to giving Scottie the report and long before my start date following my interview. Only to have Officer Garrett call me claiming that due to a conflict of interest - BFPD would not be providing me any police assistance regarding any matter - that I am to contact the A.G. should I have a complaint or need to file any police reports... This occurred PRIOR to McBride pulling me over, placing me under further duress and creating further distrust for local law enforcement as I've already been wrongfully assaulted by Fink and VanMeter and frightened by Bobby Goad back in 2020 when he attempted to rip my door open and shatter my glass so he could grab ahold of me should he have been successful. Side Note: I did NOT attempt to drive away on the Mc Bride incident but pulled forward to give him my license as I realized I handed him my concealed carry - I like how the poster (BFPD!) of the bodycam video narrated the incident.

Sheriff Kramer – you also know that after years of stalking and harassment at the hands of not only law enforcement that I am terrified for my safety and on edge around officers who I do not know. I found that Officer McBrides recent lingering and circling around the Senior Center only to pull me over for not having a front plate to be rather alarming especially after the 911 call where the officer and dispatch mention they can't find a registered car for me, referencing back to last known vehicle being my AMG Mercedes.

Seriously... I'm done being a targeted individual. I have Cc'd Adrienne Norris for my own safety on this email as this behavior on the part of BFPD has gone too far and needs to stop.

Thank you for your attention to this urgent matter. I look forward to your prompt response.

Sincerely,

Misha Davis (Naumann)

May 03, 2024 4:46 PM

Closing Statements:

I have reached out to Bergman, attempting to find out if has sent Newman any money, or paid for anything for her, and he has been unresponsive. On April 1st, 2024, I was able to locate Michelle Newman's Facebook profile, which had no information other than a photo of a dog as the profile picture, and a photo of a deer crossing a road. After April 1st, I have not been able to locate the profile on Facebook.

Deputy Tony Jeppesen #1509

Summary: On March 25th, 2024, I was dispatched to a report of a female possibly in distress, at an unknown residence in the Bloom Hill Rd. area.

Location: Bloom Hill Rd, Boundary County, Idaho

Narrative:

On March 25th, 2024 at approximately 2223 hours, I was dispatched to a report of a female who was possibly in distress at an unknown location in the area of Bloom Hill Rd. Dispatched advised me the person who was in distress was Misha Naumann. The reporting party was identified as Brandon Bergman, who told dispatch, Naumann had been speaking with him through Facebook Messenger, and told him she had possibly been Roofied, was feeling strange, and Naumann had just moved back to the area from Texas.

I located a phone number for Naumann, and called her. She told me she had been sleeping, and she had not been on Facebook Messenger speaking with anyone. Naumann, denied having any social media accounts, she told me she had gotten off of social media several years ago, because of several stalking incidents. Naumann, told me she had just moved back to the area, and she had checked in with Sheriff Kramer, to notify him she was in the area. Naumann denied knowing Bergman, and told me she had no idea who he was. I asked Naumann if she required any assistance, and she told me she did not, and everything was okay.

I contacted Bergman, who told me he was currently in Yuma, Arizona, but his residence was in Bonner County. Bergman, told me he had been speaking with Naumann for approximately 4 months on Facebook Messenger, and they were friends. He told me, Naumann had contacted him earlier in the evening and told him, she was feeling strange, and was concerned she may have been Roofied. He told me she didn't feel safe, and he was concerned for her safety. I told Bergman, I had been in contact with Naumann via phone, and she denied knowing him, or having any contact with him via Facebook Messenger, or any other social media. Bergman, told me he had screenshots of their conversation, and he would email the screenshots to me. I gave Bergman my email address, and as of the time of this report I have not received the screenshots.

Closing Statements:

This report is for information purposes only.

Deputy Tony Jeppesen #1509

Summary: This is a supplemental report.

Location: Boundary County, Idaho.

Narrative:

On April 1st, 2024, I spoke with Brandon Bergman again via telephone regarding this case, as I had not received the screenshots of his communications, he'd had with the female in Boundary County he had requested a welfare check on, on March 25th, 2024. I told Bergman, I had not received any of the screenshots of his conversation, he had promised to send. Bergman told me, he attempted to send them, however he had not gotten my email address correct, and he was unable to send them. I gave Bergman, my email address again, and he promised to send the screenshots.

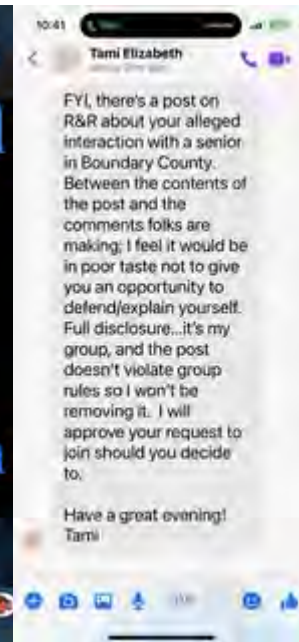

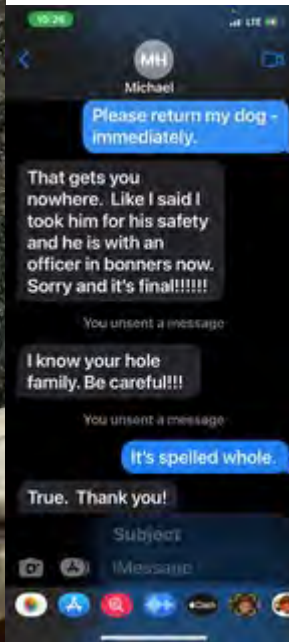

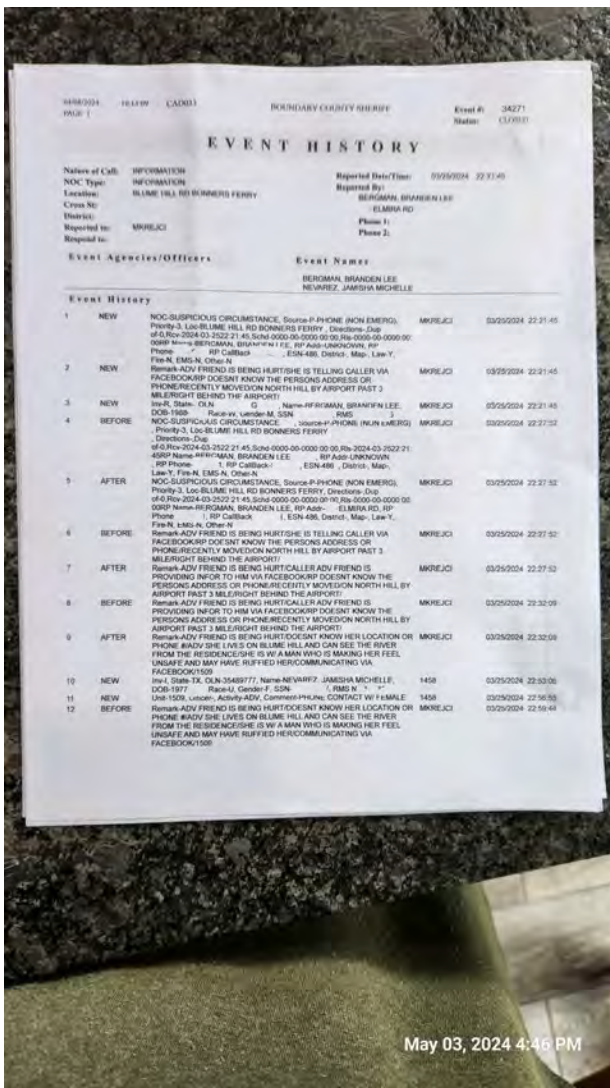

Bergman, told me the name of the of the women he had been speaking with was Michelle Newman, not Michelle or Misha Naumann, and had been in contact with her again since I had spoke to him on March 25th. He told me Newman, was currently at Boundary Community Hospital in Bonners Ferry, where she had been placed into a coma, and was due to be taken out of the coma on April 1st. Having knowledge of the capabilities of Boundary Community Hospital, I informed Bergman, this was not a procedure within the capabilities of Boundary Community Hospital. He told me he had been in contact with one of Newman's friends, whose name was Ally, through Newman's Facebook messenger account, because Ally was in possession of Newman's phone, and they were keeping him up to date on her condition.

I asked Newman, how he knew Newman, was living in the Blume Hill area, and he told me a couple of months previously, Newman was sending him links to various different real estate listing for residences for sale in the Blume Hill area. Bergman, told me he had never been to her residence, and Newman, had just moved to the area, after splitting up with her boyfriend in Texas. Newman told him, she had been a Marine, and was currently a cancer patient. Bergman, told me he had never met Newman in person, and had only talked to her through Facebook Messenger, and talked to her over the calling feature of Facebook Messenger. I explained to Bergman, he may be involved in a scam, and Newman's story seemed suspicious. I asked Bergman, if Newman had ever used any other names, when communicating with him, and he told me he didn't think so. I asked if he knew anyone by the name of Misha Naumann, or Misha Davis, and he told me no. I told him I was told by dispatch, on March 25th, the subject he was requesting a welfare check on was Misha Naumann, and he told me he had been requesting a welfare check on Michelle Newman.

On April 2nd, 2024, I received several weeks of screenshots from Facebook Messenger, between Bergman, and Newman, as well as a screenshot of her Facebook profile, which contained identifying information. Her profile picture was of a dog, and because Bergman, isn't friends with her, none of her personal details are available to be seen. The screenshots show, Bergman, and Newman, are having consensual, welcomed, and invited conversations. The latest screenshots which are data April 1st, show a conversation between Bergman, and Ally (Newman's friend), using Newman's Messenger account, giving him updates about her condition at Boundary Community Hospital.

I have not authorized any releases in the Moore/Drake case.

Ms. Beaudet was not charged criminally and thus that exemption did not apply.

The POST investigation is not a criminal proceeding and is not an investigation conducted by Boundary County.

I attempted to give Cowell the audio evidence, but he grew enraged with visibly angry - it was scary!!

It appeared as if this evidence triggered him — as if he was trying to hide the fact he did something wrong.

I wonder what law he might of broke???

Perhaps I should have told him that there were witnesses to the events as well - praise Jesus!

Regardless; I really don't want this matter swept under the rug like other matters I've brought to your attention that were strategically ignored - such as Jaspers drug dealing, attempted murder, domestic violence, and illegal firearms.

I am guessing that a first step for any investigation to even start would be for you to provide a copy of the recording you are alleging exists, but have yet to provide. That could materially impact whether the BFPD seeks a conflict investigation by ISP. You are welcome to request ISP who would also have concurrent jurisdiction to assist as well.

June 7, 2024

Morning Andrakay,

I attempted to submit a report with one Bonners Ferry City Police Officer Willy Cowell regarding the ILLEGAL search of my car and purse by officers and one Linda Lederhos in which was caught on a personal recording device.

When I attempted to give him the information in hopes to file a complaint he did as has always been done and refused me service - per the A.G., ISP, Ed Jacobson and Bryant (FEDS), as well general legal counsel they CANNOT refuse or deny me service. The whole 'conflict of interest' doesn't exist and is illegal for law enforcement to claim.

Effective immediately I wish to press charges on Linda Lederhos for unlawfully searching my car and purse.

Respectfully,

Misha Davis

If you believe that a crime was committed related to your vehicle while you were detained, I would recommend that you report that to law enforcement by calling Boundary County Dispatch and asking to speak with a city officer. This way there will be a record created of the call for law enforcement assistance. If the City decides they need to conflict the matter out to another agency for investigation, they will help coordinate that.

Yes, ma'am thank you!

Also I was advised to tell you that while I was detained Linda Lederhos along with 1-2 other females illegally searched my vehicle taking critical evidence I had retained for G. Tate to aid in the ongoing audit/investigation as it appears that one Linda Lederhos presumably came in under the guise to aid me, when in reality she was aiding Ben Apo in covering up the crimes he committed - going as far as deleting banking transactions AND using my username and passwords to gain access to banking accounts.

One of the women is presumed to be Brooke Blagrove and/or Glenda Poston. Again there is a total of 2-3 women in the audio and I only seen Emily w/the Herald and Kari Apo sitting inside with RSO, Gerald Higgs and Ben Apo, upon my arrest.

Pastor Pine who was aiding me with safe housing due to all the stalking and harassment I've received over the years has encouraged me to share the audio with you — please note that after being contacted by a federal officer, he provided me with a body mic for fear I was being set up as the scapegoat for the potential embezzlement/misappropriation of SHC funds.

Ironically; Linda Lederhos and the women who illegally searched my car (and purse!) while I was detained - triggered one of the audio devices (my personal device) in my car in which confirms my statements.

Please advise as to how you wish to proceed considering I've been repeatedly told by Officer Garrett that BFPD refuses to assist me in any matter (for my benefit) due to the allegations I've made regarding Rick Alonzo dating back to 91-93.

Respectfully,

Misha

Andrakay,

So apart from the fact you claimed you overlooked the matter due to it being an election year - you also declined the case tagging me as having 'no credibility'???

I find that rather odd considering I was in tandem working with my team of attorneys in Dallas at this very moment in time working with the FEDS on a Supreme Court matter in addition to a Civil case regarding one Justin Luke Magnuson.

I also find it extremely odd that in DEC2020 I presented one Honorable Judge Julian with a phone belonging to Jasper Naumann that he used for all his drug deals in which I was forced to bring to court due to Officer Schuman and Travis Stolley refusing to accept it and place into evidence. At which point Judge Julian told me to take it back down to the Sheriffs office following the divorce proceeding, and I did, this time giving the phone to Det. Mak who would then tell me to get out of town as I had disrupted operation here in Boundary County.

What you don't know is the fact that the assault against me was planned - presumably with the help of local law enforcement to fit the narrative of the online slander. Perhaps retrieve Officer Dave Schumanns bodycam video - I would like ALL bodycam footage effective immediately. There should be a hospital video with victims advocacy present along with 2 house visits by Schumann on record.

Also while we are at it please effective immediately provide the bodycam of Officer Bobby Goad attempting to rip me out of my car just days prior to the domestic violence attack back in OCT2020. I believe Schuman as well should have bodycam footage of that call. I would like all of it.

Regarding Tevis - I have no record of him contacting me or us meeting - please provide his documentation as well.

Furthermore; I've attached a quick video of my Uncle Al's safe sitting out at the house that the Naumann's stole and shot open back in the 90's. Perhaps Sheriff Kramer should have confirmed the facts of my statements as I have offered him to do so rather discrediting me.

Lastly, I recorded the conversation I had with Rick Alonzo there at City Hall on the morning of Tuesday, April 16, 2024 regarding what he did to me when I was a child. Now that I have his omission on record - please provide the following:

- ALL police records pertaining to the unlawful detaining of a minor
- ALL hospital records
 - to include 'vistor' registration/logs
 - vitals
 - treatments and/or diagnoses

- attending physicians
- ALL DHS records
- ALL CPS records along with any and all
- Court records in which should be on filed pertaining to this matter to include
- State 'psych evaluation' in which was 'preformed' to make the incident appear as if to be light... along with
- ANY and ALL written statements/call logs as to WHO local police contacted on my behalf who had LEGAL guardianship over me (i.e., mother, father, uncle, grandparents etc...) notifying them I was detained and under their control at the location in which I was being held to include
- ANY and ALL information as to WHO they released me to and why it is they not only detained a minor, but than released a minor without any parental consent and/or knowledge of events

In addition to this please do a thorough records search for 1992-1994 for any and all police records and/or affidavits pertaining to myself under the name 'Michelle Nevarez' and any/and all records and affidavits pertaining to one Russ Alt whom was equally a victim of Rick Alonzo's unethical abuse of power and authority. Russ Alt is the father of Rick Alonzo's grandson, Dylan.

I expect these records to be surrendered effective immediately.

Again, thank you for your assistance.

CASE DISPOSITIONS:

- Jasper Naumann – Report 01-2020-678
 - Domestic Battery
 - Officer: Schuman
 - DECLINED
- 3-16-2021 Law enforcement reported that the victim in this case has no credibility. Need to check with victim services to find out more about alleged victim. Victim's service said she is well spoken and presents herself well. Lact said she believes there was abuse in the relationship and that this incident probably did happen. (tg 4/12/21) She can set up a meeting with the victim if wanted.
- Tevis is going to meet with her.

I will consider this email a request to the Boundary County Prosecutor's Office for records relating to Jasper Naumann and yourself. If this does not accurately reflect your request, please let me know.

If you would like to make a request to the City Police for any records you may contact the Police Department records custodian, Kathy Walk.

Morning Andrakay,

I attempted to submit a report with one Bonners Ferry City Police Officer Willy Cowell regarding the ILLEGAL search of my car and purse by officers and one Linda Lederhos in which was caught on a personal recording device.

When I attempted to give him the information in hopes to file a complaint he did as has always been done and refused me service - per the A.G., ISP, Ed Jacobson and Bryant (FEDS), as well general legal counsel they CANNOT refuse or deny me service. The whole 'conflict of interest' doesn't exist and is illegal for law enforcement to claim.

Effective immediately I wish to press charges on Linda Lederhos for unlawfully searching my car and purse.

Respectfully,

Misha Davis

If you believe that a crime was committed related to your vehicle while you were detained, I would recommend that you report that to law enforcement by calling Boundary County Dispatch and asking to speak with a city officer. This way there will be a record created of the call for law enforcement assistance. If the City decides they need to conflict the matter out to another agency for investigation, they will help coordinate that.

Yes, ma'am thank you!

Also I was advised to tell you that while I was detained Linda Lederhos along with 1-2 other females illegally searched my vehicle taking critical evidence I had retained for G. Tate to aid in the ongoing audit/investigation as it appears that one Linda Lederhos presumably came in under the guise to aid me, when in reality she was aiding Ben Apo in covering up the crimes he committed - going as far as deleting banking transactions AND using my username and passwords to gain access to banking accounts.

One of the women is presumed to be Brooke Blagrove and/or Glenda Poston. Again there is a total of 2-3 women in the audio and I only seen Emily w/the Herald and Kari Apo sitting inside with RSO, Gerald Higgs and Ben Apo, upon my arrest.

Pastor Pine who was aiding me with safe housing due to all the stalking and harassment I've received over the years has encouraged me to share the audio with you — please note that after being contacted by a federal officer, he provided me with a body mic for fear I was being set up as the scapegoat for the potential embezzlement/misappropriation of SHC funds.

Ironically; Linda Lederhos and the women who illegally searched my car (and purse!) while I was detained - triggered one of the audio devices (my personal device) in my car in which confirms my statements.

Please advise as to how you wish to proceed considering I've been repeatedly told by Officer Garrett that BFPD refuses to assist me in any matter (for my benefit) due to the allegations I've made regarding Rick Alonzo dating back to 91-93.

Respectfully,

Misha

Andrakay,

So apart from the fact you claimed you overlooked the matter due to it being an election year - you also declined the case tagging me as having 'no credibility'???

I find that rather odd considering I was in tandem working with my team of attorneys in Dallas at this very moment in time working with the FEDS on a Supreme Court matter in addition to a Civil case regarding one Justin Luke Magnuson.

I also find it extremely odd that in DEC2020 I presented one Honorable Judge Julian with a phone belonging to Jasper Naumann that he used for all his drug deals in which I was forced to bring to court due to Officer Schuman and Travis Stolley refusing to accept it and place into evidence. At which point Judge Julian told me to take it back down to the

Sheriffs office following the divorce proceeding, and I did, this time giving the phone to Det. Mak who would then tell me to get out of town as I had disrupted operation here in Boundary County.

What you don't know is the fact that the assault against me was planned - presumably with the help of local law enforcement to fit the narrative of the online slander. Perhaps retrieve Officer Dave Schumanns bodycam video - I would like ALL bodycam footage effective immediately. There should be a hospital video with victims advocacy present along with 2 house visits by Schumann on record.

Also while we are at it please effective immediately provide the bodycam of Officer Bobby Goad attempting to rip me out of my car just days prior to the domestic violence attack back in OCT2020. I believe Schuman as well should have bodycam footage of that call. I would like all of it.

Regarding Tevis - I have no record of him contacting me or us meeting - please provide his documentation as well.

Furthermore; I've attached a quick video of my Uncle Al's safe sitting out at the house that the Naumann's stole and shot open back in the 90's. Perhaps Sheriff Kramer should have confirmed the facts of my statements as I have offered him to do so rather discrediting me.

Lastly, I recorded the conversation I had with Rick Alonzo there at City Hall on the morning of Tuesday, April 16, 2024 regarding what he did to me when I was a child. Now that I have his omission on record - please provide the following:

- ALL police records pertaining to the unlawful detaining of a minor

- ALL DHS records
- ALL CPS records along with any and all

I expect these records to be surrendered effective immediately.

Again, thank you for your assistance.

Misha,

Andrakay is the Prosecutor, we do not direct her on dismissing charges, that is a decision that is her sole discretion. I believe the charges were filed by the City Police, which is not under our authority to direct them on what to do with their charges.

I have forwarded this email to Andrakay for her information.

Thank you, sir.

I've always highly respected you and was extremely hurt when Tom Allinger made negative claims against me on your behalf.

The past several weeks have been disheartening considering the amount of wrongful persecution I've endured for doing the right thing up at the Senior Center.

If you can get Andrakay to dismiss everything I will leave town and not file any tort claims.

However I do have to do what is right and still notify the IRS and the FEDS of the findings. As I do believe there is and was intent to fraud the Senior Center.

Respectfully,

Misha

As is I've already been through so much at that hands of whistleblowing on Magnuson which led to his dad being taken down: <https://www.dallasnews.com/news/courts/2022/09/26/feds-former-dea-agent-used-drug-cartel-intimidation-tactics-against-witnesses/>

I do not think anyone truly understands the hell I've endured over the years for doing the right thing.

Sheriff Kramer,

My apologies if that is incorrect information. I have on audio recording one Ben Apo stating you alerted him of our meeting at which point he came up to SHC to bully me making disparaging statements against others (i.e., Barb Kovacks for 'embezzlement'), only to accidentally confess that he himself hid over 2mm in various accounts scattered about ... I was able to locate close to 100k in the names of Ben Apo, Brooke Blagrove, and Larry Higgins (they they deliberately failed to disclose and surrender), just prior to my termination and upon asking the Forensic Auditors to do an EIN trace for the past seven years. Hence why Ben Apo sighted me with trespassing - which should be dropped effective immediately.

I can only go off of what I was told at the time events were unfolding.

I am doing my best based off the evidence I have gathered to build an accurate timeline for the IRS and FEDS to complete a thorough investigation per legal counsel's advice.

Respectfully,

Misha

In red it was stated- **I believe they hired me to first and foremost to be their scapegoat - hence why I took both the private and public actions in which I did starting with my email to Sheriff Kramer (who notified Ben Apo immediately of my concerns!!!).**

This is an untruthful statement. I have had no conversations with Ben Apo regarding Misha. My involvement with Mr. Apo was before Misha was ever involved with the Senior Center, her name did not come up in any discussions that I have had with

Apo. He had contacted me regarding a concern he had with a Deputy, there was no discussion about possibly missing funds etc.

I just wanted to clarify this matter, so that Misha can get her information straight in case she had been misinformed.

Misha,

I read through your statement, and I have a few questions for you. I feel like it is best to communicate in writing since I now have your email address. I do not want to misunderstand what you are telling me.

1. Where did you find the tracker on your person? **In my pistol/military satchel. I was carrying it along with my everyday purse and my laptop/work bag the day Brooke placed it on me.**
2. When did you find the tracker on your person? **On or about 26MARCH2024 I recalled she had placed something in my purse.**
3. Is this IMEI number you listed on the bottom of the page from the tracker? **Yes (Please see attached photo).**
4. Would anyone be able to corroborate the fact that someone placed a tracker on your person? **Yes, Kim Morris.** (i.e., someone with you when you found it, someone who works there currently)
5. How do you know that Brooke Blagrove put the tracker on your person? **I was walking out of SHC with my hands full (three bags and Tater in tote), after volunteering/'training' on or about 07MARCH2024. She did not tell me what the item in the black case was apart from telling me to take it for her... I was**

fully distracted by Tater and did not give thought to it until after the false 911 call that took place on 25MARCH2024. But placed the matter on the back burner due to being told 'conflict of interest' when seeking assistance from BFPD.

6. Why would Ben Apo have you tracked, before you went to work there? **Due to Glenda Poston telling Brooke (it's on audio recordings) not to hire me back on or about 15-22FEB2024 at a county meeting in which Glenda Poston made disparaging remarks about me pointing Brooke (presumably Ben as well) directly towards the online slander going as far as telling them to talk to Mike Davis to collaborate with her.**
7. Why would they allow you to be hired if they thought you were going to out them for criminal wrongdoing? **I believe they hired me to first and foremost to be their scapegoat - hence why I took both the private and public actions in which I did starting with my email to Sheriff Kramer (who notified Ben Apo immediately of my concerns!!!). Followed by my first day of my employment on 01APRIL2024 going directly to BCCH and making the announcement I did during the county commissioners meeting. I do not believe they thought I would expose them as quickly or as hard as I did - based on audio recordings I have gathered it's clear they were intentionally hiding funds prior to my arrival in anticipation an audit would be preformed with the intent the CD's would not be located. I found close to 100k in the names of Ben Apo, Brooke Blagrove, and Larry Higgins at Mountain West, STCU, and WaFD. Yet was threatened by Ben Apo not to touch the over 2mm he had scattered across various banks.**
8. How would someone have been able to plant the device on you before you worked at the center? **I was told I had to volunteer my first month for 'training' due to there being no funds available - not even for payroll - therefore the entire month of MARCH2024 I was there Monday-Friday attempting to be trained only to unravel the true state of the organization. (As in when they would have had the opportunity to plant the tracker date and time to best of recollection)**
9. Assuming that you met with them prior to being employed, where were you when you believe that the tracker was planted on your person? **At SHC 6635 Lincoln Street Bonners Ferry, ID 83805**
10. Is there a username and password associated with the account for the tracker that you had when you were the director of SHC? **I never used it while at SHC. However to insure this matter does not get overlooked I secured evidence for legal purposes. On 08JUNE2024 I found it to be disabled due to the CC being declined - with a clear history of location still intact to confirm my prior statements. The account is still deactivated and to date, registered to Brooke Blagrove.**
11. Did you ever use the tracker for work purposes during the time you were the director of the SHC? **NO! The device was deactivated upon Brooke being terminated on 26MARCH2024 once her and Ben's CC was deactivated.**

I have opened a report and am currently using City Hall as the incident location. I need to obtain the location in which you believe the tracker was put onto your person to be able to accurately report it. The case number is 02-2024-00187.

Am I permitted to file a Public Records Request for the document(s) or evidence that was submitted to the judge regarding Misha Nevarez's recent warrant (18-1353)?

Re: CR11-24-0685 & CR11-24-0753
Jamisha Nevarez (aka Michelle, Davis, Naumann)

I am writing to bring to your attention several concerns regarding the arraignment of Jamisha, which took place on June 14, 2024, at 1:15 PM.

I attended this hearing which was in the smaller court room at Boundary County Courthouse 6452 Kootenai Street, Bonners Ferry, ID 83805. During the hearing, there seemed to be audio difficulties which impeded clear communication. While observing the proceedings via the Zoom TV screen, I noted instances where Judge Vilan appeared to adjust his microphone without any audible output. Additionally, despite visible attempts to speak, there were periods where no sound was transmitted. Consequently, the judge kept asking Jamisha to stop interrupting. Jamisha repeatedly expressed that she could not hear him. Finally, the judge asked clerk Teri Navarro if she could hear him, to which she replied "yes". In the end the judge asked bailiff Ryan Hoskin to remove Jamisha. Interestingly, the bailiff arrested Jamisha and took her to jail. Afterwards the bailiff filed an incident report stating:

"Due to low audio volume and unclear communication in the video court, I believe that the Judge had ordered me to take Nevarez into custody for contempt of court. Following this, Nevarez was removed from the court and escorted back to the jail. I contacted the Boundary County Court Clerks and confirmed at approximately 13:46hrs (1:46pm) that they would be holding Nevarez on an 18-1801, which is a misdemeanor charge of contempt of court. However, at approximately 13:54hrs (1:54pm), Della Armstrong from the Boundary County Clerks informed me that there had been a misunderstanding in court and Nevarez was not supposed to be taken into custody. I acknowledge the information and promptly released Nevarez from custody. After the incident, I informed chain of command."

- Deputy Ryan Hoskin 1409 Incident # 2400333.001

To further understand this issue, I contacted clerks Glenda Poston and Teri Navarro on June 18, 2024, at 10:42 AM. During our conversation, it was acknowledged that there could have been a delay or audio issue during the arraignment. Teri admitted she was not consistently watching the TV screen while working, and Glenda assured that, moving forward, clerks would be instructed to monitor for any technical difficulties that may need addressing.

Regrettably, the hearing was not concluded. Emotions escalated, and Jamisha was illegally arrested by the bailiff without being served the necessary papers or instructions on how to proceed after the arrest. Upon her release from jail, she still wasn't given any documentation on how to proceed. I can testify to this since I was the person who picked Jamisha up from jail. Notably, a warrant was issued merely 24 business hours later on June 18, 2024.

This sequence of events prompts several questions: How did an audio technical difficulty escalate to the issuance of a warrant. Furthermore, Jamisha has allegedly endured ongoing harassment over the past three months from various government employees, elected officials, and community members. This includes getting her fired from her job, threats to her life, defamation of character, and barriers to securing housing and employment. These actions suggest a concerted effort to force her to leave town, which I have evidence to support and have personally witnessed. I am shocked at the behavior of many within our community. Especially, since it seems that influential members of this community who have key leadership roles have conspired to ruin someone's life to the point that I have watched Jamisha be in a constant state of fear and anxiety. This is not the first time I have experienced this bully behavior... but it might have been the worse!

I am requesting a thorough investigation into these matters to ensure that justice is served, and that Jamisha receives fair treatment. The escalation from technical difficulties to arrest, coupled with ongoing harassment, warrants serious attention.

Thank you for your time and consideration.
